STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Do not induce vomiting. Drink promptly a large quantity of milk, egg whites, or any solution of oil if these are
not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

IF INHALED: Remove immediately to fresh air. If not breathing, apply artificial respiration. If breathing is difficult, give
oxygen. Call a physician.

IF ON SKIN: Wash thoroughly with soap and water. Remove and wash contaminated clothing before reuse.

IF IN EYES: Flush with plenty of water for at least 15 minutes. Call a physician.

NOTE TO PHYSICIAN:

Possible allergic reactions may contraindicate the use of gastric lavage. May cause allergic reactions, skin, respiratory
depression and convulsions may be needed.

DIRECTIONS FOR USE

GENERAL CLASSIFICATION

This is a variation of Federal EPA to use this product in a manner in
conformity with its labeling.

STORAGE AND DISPOSAL

STORAGE: Do not store near water, food, or feed. Store in original container.
Do not store in plastic drums. Do not store in plastic drums.

DISPOSAL: Do not dispose of this product in a manner that would be harmful to the environment.
Do not dispose of this product in a manner that would be harmful to the environment.

OIL FIELD INJECTION WATERS

For the control of some harmful bacteria in oil field injection waters.
Do not use in oil field injection waters.

INITIAL DOSE: Add 3.0 ppm BAC-BAN (0.13 fl. oz. per 100 gallons of water) at a point in the system
where it will be most effective. Repeat treatment after three days
or as needed until control is achieved.

SUBSEQUENT DOSE: Add 0.7 ppm BAC-BAN (0.03 fl. oz. per 100 gallons of water) at a point in the system
where it will be most effective. Repeat treatment after three days
or as needed until control is achieved.

NOTICE: Do not use this product in a manner that would be harmful to the environment.
Do not use this product in a manner that would be harmful to the environment.
