IMPERIAL WEST CHEMICAL COMPANY

ANTIOCH, CALIFORNIA

EPA ESTABLISHMENT NO. 38539-CA-1

EPA REGISTRATION NO. [illegible]

NET CONTENTS [illegible]

**DIRECTIONS FOR USE**
**GENERAL CLASSIFICATION**

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

**SWIMMING POOLS:** Apply manually to the pool or by means of an automatic feeder/chlorinator. Dilute in a plastic or glass vessel. For manual application measure the hypochlorite into a plastic pail and dilute with two or three gallons of water. Add around pool perimeter uniformly. Use a quality test kit to learn concentration of chlorine throughout the pool water. Maintain 1 to 3 ppm as part of the chlorine applied 5 to 7.5 should be [illegible]. Note: do not [illegible] to pool.

| Gallons | Initial Dosage (1ppm) | Daily Dosage (1ppm) |
|---|---|---|
| [illegible] | [illegible] pint | [illegible] pint |
| [illegible] | 2 [illegible] pints | 2 [illegible] pints |

Do not apply this product through any aerator, [illegible] or other device which may release chlorine into the air in a concentration sufficient to cause injury to persons or property. Do not apply this product through any irrigation system unless the entire system is first flushed with water. Do not apply this product if chlorine residual is greater than 3 ppm.

NOTE: This product is corrosive to [illegible]. Use only in accordance with directions. [illegible] may cause bleaching of certain colored fabrics. Avoid contact with [illegible].

**STORAGE AND DISPOSAL:** Store in a cool, dry area away from heat or combustible materials. In case of spill, flood area with large quantities of water. Recover [illegible] if possible. Do not contaminate water, food or feed by storage, disposal or cleaning of equipment.

**GENERAL DISINFECTING:** After cleaning, treat area to be disinfected with a solution containing 500 ppm available chlorine to [illegible] ounces to 5 gallons of water. Use on concrete floors, utility sinks, wash basins, kennel runs and other porous or non-porous surfaces that chlorine will not damage. Do not use on unprotected wood or organic materials. Apply with sponge, mop or other means to thoroughly cover surfaces.
