NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

2. Add the phrase "EPA Registration No. 38664-26" to your label before you release the product for shipment.

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

BATCH

Printed in U.S.A.

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the products registered under EPA Reg. No. **38664-26**

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This ready-to-use concentrate may be dispersed through good mechanical, thermal or compressed air fogging or spraying equipment. If used in edible product areas of Federally inspected meat, poultry, shell egg grading and egg product establishments, it must be dispersed as an aerosol spray (no droplets over 50 microns in diameter and 80% less than 30 microns).

SPACE TREATMENT: Close doors and windows and shut off ventilating systems. Apply as a fog or fine mist, distributing the spray throughout the area. Use at a rate of 1 ounce per 1000 cubic feet of space. Direct spray behind and under obstructions and contact crawling insects whenever possible. Keep area closed for 10 to 15 minutes. Vacate treated area and ventilate before reoccupying. Repeat treatment as necessary. For wasps and hornets, spray late in the evening when insects are at rest.

The above described application will kill accessible exposed stages of house flies, fruit flies, mosquitoes, silverfish, small flying moths, gnats, crickets, cockroaches, spiders, scorpions, wasps, hornets, clover mites, cheese mites, cheese skippers, and these common stored product pests: granary weevils, rice weevils, confused flour beetles, saw-toothed grain beetles, spider beetles, cigarette beetles, drugstore beetles, Angoumois grain moth, Bollworm, rucana flour moths, Indian meal moths, tobacco moths, meal worms, and grain mites.

SURFACE APPLICATION: To insure maximum control of crawling insects listed, apply as a coarse mist directed toward insects, in cracks, crevices, around machinery, around containers of stored products and other areas wherever these insects may hide. Repeat as necessary.

SPACE SPRAY - Stored Sweet Potatoes: Use 1 gallon of this material per 100,000 cubic feet to control vinegar flies. Apply as a space spray with a mechanical or thermal generator. Apply only when flying insects are present. During periods of heavy infestation several applications may be necessary. Do not make more than 10 applications.

STORAGE

Do not contaminate water storage or disposal.

PESTICIDE DISPOSAL: Pesticide, spray mix that cannot be used, instructions must be followed to applicable Federal procedures.

CONTAINER DISPOSAL: Triple rinse (or equivalent) for recycling or reuse. Do not reuse container and dispose of by other approved methods or by other approved authorities.

PRECAUTIONS - HAZARDS TO HUMANS

Harmful if swallowed. Avoid breathing mist. Avoid contact with skin.

Do not apply directly to commercial food handling equipment during application. Apply while food processing plants, benches, shelving, and food will be handled. All food processing equipment should be covered during application. Remove pets, birds, etc. before spraying.

STATEMENT OF FIRST AID

If Swallowed: Contact Poison Control Center. Vomiting unless directed. This product contains petroleum distillates. Aspiration pneumonia.

If Inhaled: Remove to fresh air. Apply artificial respiration if indicated.

If in Eyes or on Skin: Wash with water. Contact a physician if persists.

ENVIRONMENTAL PRECAUTIONS

This product is toxic if applied directly to water. Clean water by cleaning of wastes. Apply this product as specified on this label.

Buyer assumes all responsibility for handling of this material in accordance with directions.
