

DIRECTIONS FOR USE

Be sure to read the label on the product you are using and follow the directions on the label.

Diazinon is a general purpose insecticide. It is effective against a wide variety of household insects. It is also effective against some outdoor insects. It is not effective against ticks and mites.

CRACK AND CREVICE TREATMENT

Food Handling Establishments: Use Diazinon spray in spot applications in cracks and crevices. Do not spray in areas where food is prepared, stored, or served. Do not spray in areas where food is prepared, stored, or served. Do not spray in areas where food is prepared, stored, or served.

Food Areas: Applications in food handling establishments should only include areas for receiving, storing, packing, wrapping, bottling, wrapping, boxing, preparing, or storing waste. Do not spray in enclosed processing areas, such as dairies, egg processing, or serving areas where food is exposed and facility is in operation. Also should be considered a food area. Applications of this product in the food areas of food handling establishments other than crack and crevice treatment are not permitted.

Dilution Chart

Gallon of Dilution	Amount of Diazinon	Amount of Water
1	1.25 oz.	1 gal.
2	2.5 oz.	2 gal.
3	3.75 oz.	3 gal.
4	5.0 oz.	4 gal.
5	6.25 oz.	5 gal.
6	7.5 oz.	6 gal.
7	8.75 oz.	7 gal.
8	10.0 oz.	8 gal.

Note: Use at least 1.25 oz. per gallon.

Apply 1:2 to 1:1 Diazinon spray in small amounts directly into cracks and crevices using equipment capable of delivering a stream of insecticide in between different points of construction between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases, where Cockroaches (Waterbugs), Ants, Spiders, Silverfish, etc. Do not use this product in conduits, motor housings, and electrical switch boxes.

Non-Food Areas: Such as garbage rooms, lavatories, floor drains, (to sewer) entries and vestibules, off or locker rooms, machine rooms, boiler rooms, garages, mop closets and storage rooms (after canning or bottling). Apply 1:2 to 1:1 spray (see above) to baseboard areas around water pipes, surfaces behind and beneath sinks, lockers, tables, panets, and similar areas where insects hide or enter.

HOUSEHOLD PESTS

Cockroaches (Waterbugs), Ants and Silverfish: Make spot applications of 1:2 to 1:1 Diazinon spray as a course spray or apply with a paint brush to baseboard areas around water pipes, crack and crevices, surfaces behind and beneath cabinets, refrigerators, sinks, stoves and similar areas where these insects hide. For heavy cockroach infestations make the first application at a strength of 4:1 Diazinon spray followed by monthly applications of 1:2 to 1:1 spray.

Carpenter Beetle: Apply a 1:2 to 1:1 Diazinon spray in spot applications along baseboards and edges of carpeting, under carpeting, under furniture, in closets and on shelving and wherever these insects are seen or suspected.

HOUSEHOLD INSECTS (cont)

Lawn Insects: Apply Diazinon spray to lawns and other areas where lawn insects are a problem. Apply Diazinon spray to lawns and other areas where lawn insects are a problem. Apply Diazinon spray to lawns and other areas where lawn insects are a problem.

Brown Dog Ticks in Buildings

Apply Diazinon spray to areas where Brown Dog Ticks are a problem. Apply Diazinon spray to areas where Brown Dog Ticks are a problem. Apply Diazinon spray to areas where Brown Dog Ticks are a problem.

Mimosa webworm: Mix 1.25 oz. of this product with 1 gallon of water and apply as a fine mist spray when adults first appear. Make a second and third application at 4-5 week intervals.

Boxelder bugs: Spray bugs outside the home with 1:2 to 1:1 Diazinon spray. Apply Diazinon spray to areas where Boxelder bugs are a problem. Apply Diazinon spray to areas where Boxelder bugs are a problem.

Imported Fire Ants: To aid in the control of fire ants in lawns and other recreational areas, apply 1.25 oz. (1 tsp.) in a minimum of 1 gal. of water as a drench. Apply over and over around each mound. Apply gently to avoid disturbing ants. Reapply as necessary. Larger quantities of solution can be prepared for multiple mound treatments. Use equipment capable of delivering the diluted product as gentle rain at the rate of 1 gal. per mound. High pressure sprays do not treat the ants and cause migration of young product effect is less.

Note: For best results apply in cool weather, 65-80°F. or in early morning or late evening hours. Treat new mounds as they appear.

Spiders and Scorpions: Apply 1:2 to 1:1 Diazinon spray around windows, doors and baseboards. Make spot applications to other areas over which these pests may crawl.

Pantry Pest: exposed stages (Saw Tooth Grain Beetle, Flour Beetle, Rice Weevil, Cigarette Beetle, Drugstore Beetle, Indian Meal Moth). Apply a 1:2 to 1:1 spray to shelves and cupboards where food containers suspected of being infested are stored. Remove all food packages until the spray has dried. Cover shelves with shelving paper. This treatment is supplemental to good housekeeping, since it will have no effect on insects breeding in food packages. Infested food packages should be destroyed.

Ornamental Insects: To control certain insect pests on ornamentals, such as Asteridae, Amaryllidaceae, Boraginaceae, Campanulaceae, Caryophyllaceae, Ericaceae, Geraniaceae, Gramineae, Labiales, Liliaceae, Malvaceae, Myricaceae, Nymphaeaceae, Ranunculaceae, Rosaceae, Scrophulariaceae, Solanaceae, Umbelliferae, and Violaceae, apply the recommended rates indicated below.

Insect	Amount of Diazinon	
	Per Gallon of Water	Per Gallon of Water
Asteridae	1.25 oz.	1 gal.
Amaryllidaceae	1.25 oz.	1 gal.
Boraginaceae	1.25 oz.	1 gal.
Campanulaceae	1.25 oz.	1 gal.
Caryophyllaceae	1.25 oz.	1 gal.
Ericaceae	1.25 oz.	1 gal.
Geraniaceae	1.25 oz.	1 gal.
Gramineae	1.25 oz.	1 gal.
Labiales	1.25 oz.	1 gal.
Liliaceae	1.25 oz.	1 gal.
Malvaceae	1.25 oz.	1 gal.
Myricaceae	1.25 oz.	1 gal.
Nymphaeaceae	1.25 oz.	1 gal.
Ranunculaceae	1.25 oz.	1 gal.
Rosaceae	1.25 oz.	1 gal.
Scrophulariaceae	1.25 oz.	1 gal.
Solanaceae	1.25 oz.	1 gal.
Umbelliferae	1.25 oz.	1 gal.
Violaceae	1.25 oz.	1 gal.
