Mr. Mike G. Fletcher, Ph.D.
Y- Tex Corporation
P.O. Box 1450
1825 Big Horn Avenue
Cody, Wyoming 82414-1450

Dear Dr. Fletcher:

Subject: Amendment- to add one cattle ear tag and one cattle ear strip
Python Insecticide Ear Tag
EPA Registration Number 39039-4
Your submissions dated March 17 and April 11, 2014

The application referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable.

A stamped label is enclosed for your records.

If you have any questions regarding this action, please contact Linda A. DeLuise of my team at (703) 305-5428.

Sincerely yours,

A handwritten signature in black ink, appearing to read "Richard Gebken".

Y-TEX CORPORATION, 1825 BIG HORN AVENUE, CODY, WYOMING 82414

Y-TEX®
PYthon® Insecticide Cattle Ear Tag

- Synergized pyrethroid formula for maximum effectiveness against horn flies.
- Also controls face flies, lice, ear ticks, and aids in control of other biting flies.
- Can be used on lactating dairy cows.
- No withdrawal time required.
- Guaranteed against loss due to tag or button failure.*
- Snap-Lok® collar for superior retention*
- Ribbed design for season-long durability.
- Long taper and rounded edges for durability
- Large surface area for insecticide effectiveness
- Can be used in combination with one PYthon® Insecticide Cattle Strip

GUARANTEE

*This guarantee is a limited guarantee, limited to the replacement of tags only, if the tags failed after being properly applied, to remain in the animal's ear for a five (5) month period due to breakage or separation from button.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This labeling must be in the possession of the user at the time of pesticide application.

Summer Season: To control horn flies for about 3-4 months and aid in control of face flies, apply one tag per animal in late spring. To control horn flies, face flies, lice, Gulf Coast ticks and Spinose ear ticks for 4-5 months, and to aid in control of stable flies, black flies, house flies and small horse flies, apply two tags per animal (1 in each ear) when flies appear in the spring. Apply 2 tags to large bulls for optimum horn fly protection. In cases where there is an existing ID tag located in one ear, a PYthon Insecticide Cattle Strip can be applied as directed on its label to the ID tag for optimum horn fly protection. Application can never exceed 2 tags per animal; 2 strips per animal; or 1 tag and 1 strip per animal.

Winter Season: For season-long lice control, apply tags in late fall. To control biting lice, shortnosed sucking lice and aid in control of other sucking lice, apply 1 tag per calf or 2 tags per mature animal (1 in each ear). In cases where there is an existing ID tag located in one ear, a PYthon Insecticide Cattle Strip can be applied as directed on its label to the ID tag for optimum lice control. Application can never exceed 2 tags per animal; 2 strips per animal; or 1 tag and 1 strip per animal.

Apply as shown with the Y-TEX 2 piece tagging system. All animals in the herd should be tagged. If an ID tag is present in one ear, a PYthon Insecticide Cattle Strip can be applied to the ID tag. Apply as directed by the PYthon Insecticide Cattle Strip label. To minimize development of insecticide resistance, remove used tags and/or strips at end of fly and lice seasons and follow Y-TEX's recommended tag rotation program.

STEP 1 (drawing)

Seat male button firmly on pin, press down and give a slight twist.

STEP 2 (drawing)

Place female tag firmly under clip. Collar on tag must be pointing away from pin.

STEP 3 (drawing)

Position applicator over ear and squeeze the handles together.

(drawing of completed installation in ear)

The ideal position for male stud is between the second and third radial cartilage as shown.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store in a cool place in original container, away from direct sunlight.

Opened bags containing ear tags or strips should be resealed for storage.

PESTICIDE DISPOSAL: Remove tags and/or strips before slaughter. Securely wrap used tags and/or strips in a plastic bag or several layers of newspaper and discard in trash.

CONTAINER DISPOSAL: Non-refillable container. Do not reuse bag. Discard bag in trash, or offer for recycling if available.

FIRST AID

This product contains zetacypermethrin, a pyrethroid insecticide, and piperonyl butoxide, technical, a mixed-function oxidase inhibitor.

If swallowed	<ul style="list-style-type: none"> • Call a poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by a poison control center or doctor. • Do not give anything by mouth to an unconscious person.
If on skin or clothing	<ul style="list-style-type: none"> • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advise.
If in eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor immediately for treatment advice.
If inhaled	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth, if possible. • Call a poison control center or doctor for treatment advice.

HOT LINE NUMBER

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-255-3924 for emergency medical treatment information.

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION**

Harmful if swallowed. Wear long-sleeved shirt, long pants, socks, shoes, and rubber or non-permeable protective gloves when applying tags.

Follow manufacturer's instructions for cleaning/maintaining personal protective equipment (PPE). If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

NOTICE OF WARRANTY

To the extent consistent with applicable law, Y-TEX CORPORATION MAKES NO WARRANTY OF MERCHANTABILITY, FITNESS FOR ANY PURPOSE, OR OTHERWISE, EXPRESSED OR IMPLIED concerning this product or its uses which extend beyond the use of the product under normal conditions in accord with the statements made on this label, and in any case, is limited to replacement of tags only.

ENVIRONMENTAL HAZARDS

This product is **extremely** toxic to fish and aquatic invertebrates. Do not contaminate water by disposal of used tags or strips. Use this product only as specified on this label.

USER SAFETY RECOMMENDATIONS:

- User should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.
- User should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
- User should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.
