

	U.S. ENVIRONMENTAL PROTECTION AGENCY Office of Pesticide Programs Registration Division (H7505C) 401 "M" St., S.W. Washington, D.C. 20460	EPA Reg. Number:  39039-9	Date of Issuance:  FEB 22 2000
		Term of Issuance:  Conditional	
		Name of Pesticide Product:  YTex Python Dust Livestock Insecticide	
(under FIFRA, as amended)			
Name and Address of Registrant (include ZIP Code):  Y-Tex Corporation 1825 Big Horn Avenue Cody, WY 82414			
<b>Note:</b> Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.			
On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.  Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.  This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:  1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.  2. Make the labeling changes listed below before you release the product for shipment:  a. Add the phrase "EPA Registration No. 39039-9".  b. Replace the Precautionary Statements section with "Harmful if absorbed through skin. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling."  c. Replace the IF ON SKIN section with "Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison Control center or doctor for treatment advice."			
Signature of Approving Official:		Date:

EPA Reg. No. 39039-9

d. Based on a Toxicity IV classification for eye exposure an "IF IN EYES" statement is not required. However if you prefer to retain this statement change to "Hold eyes open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present after the first 5 minutes, then continue rinsing eyes. Call a Poison Control Center for treatment advice."

e. The label must list a restriction against simultaneous use of ear tag and dust formulations.

f. The label must restrict against the "free-choice" uses for dust bags (i.e., this registration is for the "forced daily" types of uses). This may require deletion of the use by dust bag. There is not enough control over delivery rate with the free-choice scenarios to ensure residue levels at or below established tolerances.

3. Submit two (2) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

**PRECAUTIONARY STATEMENTS**

**Hazards to Humans (and Domestic Animals)**

**CAUTION**

Harmful if swallowed, inhaled or absorbed through the skin. Avoid contact with skin, eyes or clothing. In case of contact, immediately flush eyes or skin with plenty of water. Avoid contamination of feed or foodstuffs. Get medical attention if irritation persists.

ACCEPTED  
with COMMENTS  
In EPA Letter Dated  
FEB 22 2000  
Federal Register  
as required by 40 CFR 155.101

**STATEMENT OF PRACTICAL TREATMENT**

**If on skin:** Wash thoroughly with soap and water. Get medical attention if irritation occurs and persists.

**If in eyes:** Flush thoroughly with water. If irritation occurs and persists, contact physician.

**Note to Physician:**

This product contains a pyrethroid. Skin contact may be followed by transient tingling or numbness, usually of the face, but this subsides without treatment.

**Environmental Hazards**

This pesticide is toxic to fish and aquatic invertebrates. Do not contaminate water by cleaning of equipment or disposal of wastes. Use this product only as specified on this label.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**For Beef and Dairy Cattle, Sheep, Goats and Horses:** Can be applied by dust bag, shaker can, dusting glove and mechanical dust applicator.

**Horn flies, lice and face flies (by dust bag):** Place contents of package in any commercially available dust bag; suspend bag in areas frequented by cattle or in gateways or lanes through which the animals must pass daily for water, feed, or minerals. Bags may also be placed in loafing sheds or in front of mineral feeders. For dairy cows, bags may be suspended in the exit through which the cows leave the milking barn. The bags should hang four (4) to six (6) inches below the backline of the cattle. For reduction of face flies, bags must be located so animals will be forced to use them daily and hung at a height so that the face is dusted.

**Horn flies, lice, face flies, stable flies, ticks and keds (direct application):** Apply up to 2 oz. (6 tablespoons) of dust per animal evenly into the hair over the head, ears, neck, shoulders, back, and tailhead. For spinose ear ticks, apply approximately 1/3 ounce (1 tablespoon) inside each ear. For stable flies, apply also to legs. Repeat as necessary but not more often than once in 3 days.

**STORAGE AND DISPOSAL**

**Storage**

Store in cool, dry place. Do not contaminate feed or foodstuffs by storage or disposal.

**Pesticide Disposal**

Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**Container Disposal**

Completely empty container into application equipment. Then dispose of empty container in a sanitary landfill or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

**NOTICE OF WARRANTY**

Y-TEX CORPORATION MAKES NO WARRANTY OF MERCHANTABILITY, FITNESS FOR ANY PURPOSE, OR OTHERWISE, EXPRESSED OR IMPLIED concerning this product or its uses which extend beyond the use of the product under normal conditions in accord with the statements made on this label, and in any case, is limited to replacement of product only.

**PRESENTATION:** 12 x 2 lb. dust bag kits, and 2 x 12.5 lb. refills.
