U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (7505C)
Ariel Rios Building
1200 Pennsylvania Ave., NW
Washington, D.C. 20460

EPA Registration Number:
39039-17

Date of Issuance:
Jan 22, 2009

NOTICE OF PESTICIDE:

Registration
 Reregistration
(under FIFRA, as amended)

Term of Issuance: conditional

Name of Pesticide Product:
Y-TEX XP 820 Insecticide Cattle Ear Tag

Name and Address of Registrant (include ZIP Code):

Y-Tex Corporation
PO Box 1450
1825 Big Horn Ave.
Cody, WY 82414

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) and (B) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Per the indicated EPA Guidelines, submit the following within 18 months measured from the effective date of this registration.
 - a. one year storage stability (830.6317)
 - b. corrosion characteristics (830.6320)
 - c. efficacy - spinose ear ticks (lab study with artificial infestation would be acceptable)
 - d. efficacy - cattle fever ticks (boophilus species)
3. Make the following label changes before you release the product for shipment:
 - a. Revise the EPA Registration Number to read, "EPA Reg. No. 39039-17."
4. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label stamped "accepted with comments" is enclosed for your records.

XP 820™ Insecticide Cattle Ear Tags

- Guaranteed against loss due to tag or button failure*
- Snap-Lok™ collar for guaranteed retention* (US Pat. No. 4,581,834)
- No withdrawal time required

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Reformulation or repackaging of this product is prohibited. This labeling must be in the possession of the user at the time of pesticide application.

Apply tags as directed below for Horn Flies and ear ticks:

- Horn Flies: 1 tag/animal for up to 3 months control
2 tags/animal for up to 5 months control (1 tag on each ear)
For breeds with large ears, apply to back of ear for optimum control of horn flies.
- Gulf Coast Ticks: 2 tags/animal for up to 4 months control (1 tag on each ear)
- Spinose Ear Ticks: 2 tags/animal (1 tag on the front of each ear)

Apply tags as directed below for the listed pests:

- American Dog Ticks: 2 tags/animal (1 tag per ear) to aid in control for up to 3 months
- Cattle Fever Ticks (*Boophilus* species): 2 tags/animal (1 tag per ear) to aid in control for 2 to 3 months
- Lone Star Ticks: 2 tags/animal (1 tag per ear) to aid in control for 2 months
- Face Flies (*Musca autumnalis*): 2 tags/animal (1 tag on the front of each ear) to reduce Face Flies

Apply as shown with a Y-TEX 2-piece tag applicator (UltraTagger® or UltraTagger Plus). Apply when flies become a problem in the spring. Reapply as necessary up to two treatments per year. All animals in the herd should be tagged to avoid dilution of the treatment. To minimize development of insecticide resistance in horn flies, remove used tags at the end of the season and follow the recommended tag rotation program. Remove tags before slaughter. Do not tag lactating dairy cows.

STEP 1
Seat male button firmly on pin, press down and give a slight twist.

STEP 3
Position applicator over ear and squeeze handles together.

STEP 2
Place female tag firmly under clip. Collar on tag must be pointing away from pin.

The ideal position for the male stud is between the second and third radial cartilage as shown.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store in cool, dark place away from sunlight in original container. Opened bags containing ear tags should be resealed for storage.

PESTICIDE DISPOSAL: Offer for recycling (if available). Otherwise, securely wrap used tags in a plastic bag or several layers of newspaper and discard in trash.

CONTAINER DISPOSAL: Nonrefillable container (box and bag). Do not reuse or refill the box or bag. Offer box and bag for recycling (if available) or discard in trash.

(Left Side Panel of Carton)

FIRST AID

This product contains abamectin, a macrocyclic lactone, and piperonyl butoxide, a mixed-function oxidase inhibitor.

-
- If swallowed**
- Call a poison control center or doctor immediately for treatment advice.
 - Have person sip a glass of water if able to swallow.
 - Do not induce vomiting unless told to do so by a poison control center or doctor.
 - Do not give anything by mouth to an unconscious person.

-
- If in eyes**
- Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
 - Call a poison control center or doctor for treatment advice.

-
- If inhaled**
- Move person to fresh air.
 - If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth, if possible.
 - Call a poison control center or doctor for further treatment advice.

-
- If on skin or clothing**
- Take off contaminated clothing.
 - Rinse skin immediately with plenty of water for 15-20 minutes.
 - Call a poison control center or doctor for treatment advice.

HOT LINE NUMBER

Have the product container label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-255-3924 for emergency medical treatment information.

GUARANTEE

* This guarantee is a limited guarantee, limited to the replacement of tags only, if the tags failed to remain in the animal's ear after being properly applied for a five (5) month period due to tag breakage or separation from the button.

(Right Side Panel of Carton)

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

May be fatal if swallowed. Harmful if absorbed through the skin, or if inhaled. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Avoid breathing fumes. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.

Personal Protective Equipment: Users must wear shirt, pants, shoes and socks, and chemical resistant gloves made out of any waterproof material.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic invertebrates. Do not contaminate water by use or by disposal of used tags.

NOTICE OF WARRANTY

To the extent consistent with applicable law, Y-TEX CORPORATION MAKES NO WARRANTY OF MERCHANTABILITY, FITNESS FOR ANY PURPOSE, OR OTHERWISE, EXPRESSED OR IMPLIED concerning this product or its uses which extend beyond the use of the product under normal conditions in accord with the statements made on this label, and in any case, is limited to replacement of tags only.
