OFFICE OF CHEMICAL SAFETY
AND POLLUTION PREVENTION

February 24, 2016

Michael G. Fletcher, Ph.D.
Y-TEX Corporation
1825 Big Horn Ave.
PO Box 1450
Cody, WY 82414

Subject: Notification per PRN 98-10 – State requested revisions
Product Name: Python Insecticide Mineral Feeder Strip
EPA Registration Number: 39039-22
Application Date: 2/22/2016
Decision Number: 514132

Dear Dr. Fletcher,

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped “Notification” and will be placed in our records.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you have any questions, you may contact Julie Breeden at 703-347-0511 or via email at Breeden.Julie@epa.gov.

Sincerely,

A handwritten signature in blue ink, appearing to read "J. S.", positioned above the typed name.

Jennifer Urbanski Saunders, Product Manager 4

[Optional wording for AmeriAg feeders]

[ASSEMBLY INSTRUCTIONS

Step 1 - Using a 1/8” bit, drill 10 holes for kick out rings in the edge of the upper arch of the mineral feeder opening. Make a mark at the center edge of the top arch of the opening (12 O’clock). Starting 1 inch from the right of the center mark drill 5 holes 1- 3/4 inches apart in the edge of the arch opening. Repeat 5 holes for the left hand side of the center mark. The holes need to be approximately 1/8 to 1/4 of an inch from the edge of the feeder opening.

Step 2 - Attach the kick out rings to the feeder by threading them through the 10 holes previously drilled. Thread the kick out rings in the holes starting with the edge of the ring that sticks out.

Step 3 - Thread the strip via hole onto the kick out rings that are attached to the feeder. This is done the same way that you threaded the kick out ring into the feeder. Starting with the section of the ring that sticks out. Feeder is now ready for use.]

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This labeling must be in the possession of the user at the time of pesticide application.

Place mineral feeders in use 14 days prior to placement of insecticide strips to get cattle used to the feeders and using them. Apply 10 strips per feeder (1 feeder per 10 – 30 head. Keep feeders well supplied with minerals and place close to water to encourage daily use. When strips become ineffective, remove or replace.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store in a cool place in original container, away from direct sunlight. Opened bags containing strips should be resealed for storage.

PESTICIDE DISPOSAL: No withdrawal time required before slaughter. Securely wrap used strips in a plastic bag or several layers of newspaper and discard in trash.

CONTAINER HANDLING: Non-refillable container. Do not reuse bag. Discard bag in trash, or offer for recycling if available.

FIRST AID

This product contains zetacypermethrin, a pyrethroid insecticide, and piperonyl butoxide, technical, a mixed-function oxidase inhibitor.

If swallowed	<ul style="list-style-type: none"> • Call a poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to by a poison control center or doctor. • Do not give anything by mouth to an unconscious person.
If on skin or clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.

HOT LINE NUMBER

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-255-3924 for emergency medical treatment information

**KEEP OUT OF REACH OF CHILDREN
PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS**
