

U.S. ENVIRONMENTAL PROTECTION AGENCY
 Office of Pesticide Programs
 Registration Division (7505P)
 1200 Pennsylvania Ave., N.W.
 Washington, D.C. 20460

EPA Reg. Number:

39039-34

Date of Issuance:

6/6/22

NOTICE OF PESTICIDE:

Registration
 Reregistration
 (under FIFRA, as amended)

Term of Issuance:

Conditional

Name of Pesticide Product:

YT-1604 Insecticide Mineral Feeder Strip

Name and Address of Registrant (include ZIP Code):

Dr. Michael G. Fletcher
 Vice President, Specialty Products
 Y-TEX Corporation
 1825 Big Horn Avenue
 Cody, WY 82414

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Elizabeth Fertich, Product Manager 4
 Invertebrate-Vertebrate Branch 1, Registration Division (7505P)
 Office of Pesticide Programs

Date:

6/6/22

2. You are required to comply with the data requirements described in the DCI identified below:
 - a. Zeta-cypermethrin GDCI-129064-1097
 - b. Zeta-cypermethrin GDCI-129064-1209
 - c. Piperonyl Butoxide GDCI-067501-26641

You must comply with all of the data requirements within the established deadlines. If you have questions about the Generic DCI listed above, you may contact the Chemical Review Manager in the Pesticide Reevaluation Division: <http://iaspub.epa.gov/apex/pesticides/f?p=chemicalsearch:1>

3. The data requirements for storage stability and corrosion characteristics (Guidelines 830.6317 and 830.6320) are not satisfied. A one year study is required to satisfy these data requirements. You have 18 months from the date of registration to provide these data.
4. Make the following label changes before you release the product for shipment:
 - Revise the EPA Registration Number to read, “EPA Reg. No. 39039-34.”
5. Submit one copy of the final printed label for the record before you release the product for shipment.

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the Registration Review of the above referenced product in connection with the Zeta-cypermethrin Interim Decision, and has concluded that your submission is acceptable.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 10/18/2021

Y-TEX[®]

YT-1604 Insecticide Mineral Feeder Strip

Alternate Brand Names:
AmeriAg II Insecticide Strips
 PPython II Insecticide Mineral Feeder Strip
 PPython[®] II Insecticide Power Strip
 PPython[®] II Power Strip

(Insecticide add-on to mineral feeders)

Keep Out of Reach of Children

CAUTION

See back panel for additional precautionary statements

ACTIVE INGREDIENTS:

Zetacypermethrin, 2S-enantiomer

S-cyano (3-phenoxyphenyl) methyl (±) cis/trans 3-(2, 2-dichloroethenyl)-
 2, 2 dimethylcyclopropane-carboxylate* 5%

*Cis/trans isomer ratio: Max. 75% (±) cis and Min. 25% (±) trans

Piperonyl Butoxide

(butylcarbityl) (6-propylpiperonyl) ether and related compounds 20%

OTHER INGREDIENTS 75%

TOTAL..... 100%

NET WT. 0.66 oz. (18.8 GRAMS) PER STRIP

CONTENTS: 10 STRIPS
with 10 kick out rings

EPA EST. NO. 39039-WY-01

EPA REG. NO. 39039-__

Manufactured by: Y-TEX Corporation, 1825 Big Horn Avenue, Cody, Wyoming 82414

For Outdoor Use Only

For use on [Optional wording: *AmeriAg*] Mineral Feeders for Beef Cattle and Dairy Cattle (including lactating) and Calves to Control Horn Flies

[Optional photographs for *AmeriAg* Mineral Feeders]

[Cattle treat and re-treat themselves while simultaneously getting nutritional mineral!]

- [Fits both sizes of old and new model designs of *AmeriAg* Mineral Feeders.]
- Perfect for range cattle as it prevents having to catch and work cattle to provide horn fly control.

[Made with Pride in the U.S.A

PATENTS PENDING]

[Optional wording for AmeriAg feeders]

[ASSEMBLY INSTRUCTIONS

Step 1 - Using a 1/8” bit, drill 10 holes for kick out rings in the edge of the upper arch of the mineral feeder opening. Make a mark at the center edge of the top arch of the opening (12 O’clock). Starting 1 inch from the right of the center mark drill 5 holes 1- 3/4 inches apart in the edge of the arch opening. Repeat 5 holes for the left hand side of the center mark. The holes need to be approximately 1/8 to 1/4 of an inch from the edge of the feeder opening.

Step 2 - Attach the kick out rings to the feeder by threading them through the 10 holes previously drilled. Thread the kick out rings in the holes starting with the edge of the ring that sticks out.

Step 3 - Thread the strip via hole onto the kick out rings that are attached to the feeder. This is done the same way that you threaded the kick out ring into the feeder. Starting with the section of the ring that sticks out. Feeder is now ready for use.]

<u>FIRST AID</u>	
This product contains zetacypermethrin, a pyrethroid insecticide, and piperonyl butoxide, technical, a mixed-function oxidase inhibitor.	
If swallowed	<ul style="list-style-type: none"> •Call a poison control center or doctor immediately for treatment advice. •Have person sip a glass of water if able to swallow. •Do not induce vomiting unless told to by a poison control center or doctor. •Do not give anything by mouth to an unconscious person.
If on skin or clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
<u>HOT LINE NUMBER</u>	
Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-800-255-3924 for emergency medical treatment information	

PRECAUTIONARY STATEMENTS
KEEP OUT OF REACH OF CHILDREN
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION

Harmful if swallowed. Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Wear long-sleeved shirt and long pants, socks, shoes, and waterproof or chemical-resistant gloves when applying. Remove and wash contaminated clothing before reuse.

USER SAFETY RECOMMENDATIONS:

- User should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.
- User should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
- User should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS

This pesticide is **extremely** toxic to fish and aquatic invertebrates. Do not contaminate water by disposal of used strips. Use this product only as specified on this label.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This labeling must be in the possession of the user at the time of pesticide application.

Resistance-management Recommendations. For resistance management, YT-1604 Insecticide Mineral Feeder Strip contains a Group 3A/Zetacypermethrin insecticide. Any insect population may contain individuals naturally resistant to YT-1604 Insecticide Mineral Feeder Strip and other Group 3A insecticides. The resistant individuals may dominate the insect population if this group of insecticides are used repeatedly in the same herds. Appropriate resistance management strategies should be followed. Monitor after application for unexpected target pest survival. If the level of survival suggests the presence of resistance, consult with your local university specialist or certified pest control advisor.

For Outdoor Use Only

Place mineral feeders in use 14 days prior to placement of insecticide strips to get cattle used to the feeders and using them. Apply 10 strips per feeder (1 feeder per 10 – 30 head). Keep feeders well supplied with minerals and place close to water to encourage daily use. When strips become ineffective after 3 months, remove or replace.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store in a cool place in original container, away from direct sunlight. Opened bags containing strips should be resealed for storage.

PESTICIDE DISPOSAL: No withdrawal time required before slaughter. Securely wrap used strips in a plastic bag or several layers of newspaper and discard in trash.

CONTAINER HANDLING: Non- refillable container. Do not reuse bag. Discard bag in trash or offer for recycling if available.

NOTICE OF WARRANTY

To the extent consistent with applicable law, Y-TEX CORPORATION MAKES NO WARRANTY OF MERCHANTABILITY, FITNESS FOR ANY PURPOSE, OR OTHERWISE, EXPRESSED OR IMPLIED concerning this product or its uses which extend beyond the use of the product under normal conditions in accord with the statements made on this label, and in any case, is limited to replacement of strips only.
