U.S. ENVIRONMENTAL PROTECTION AGENCY  
Office of Pesticide Programs  
Antimicrobials Division (7510P)  
1200 Pennsylvania Avenue NW  
Washington, D.C. 20460

EPA Reg. Number:

39189-15

Date of Issuance:

AUG 19 2014

Term of Issuance:

Unconditional

Name of Pesticide Product:

Low Temp Sani

NOTICE OF PESTICIDE:

Registration  
 Reregistration  
(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Envirochem, Inc.  
425 Whitehead Avenue  
South River, NJ 08882

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Antimicrobials Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

The application referred to above, submitted under the Federal Insecticide, Fungicide and Rodenticide Act, as amended is acceptable under FIFRA sec. 3(c)(5), provided that you:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product when the Agency requires all registrants of similar products to submit such data.
2. Submit a one-year study required to satisfy the storage stability and corrosion characteristics requirements (Guidelines 830.6317 and 830.6320). You have 18 months from the date of registration to provide these data.

Signature of Approving Official:

Demson Fuller  
EPA Product Manager 32  
Regulatory Management Branch II  
Antimicrobials Division (7510P)

Date:

AUG 19 2014

**ACCEPTED**  
**August 19, 2014**  
 Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide, registered under EPA Reg. No. 39189-15

# LOW TEMP SANI

Active Ingredients: Sodium Hypochlorite..... 6.5%  
 Inert Ingredients..... 93.5%  
 Total..... 100.0%

LIN-1791, CAS# 7681-52-9

**KEEP OUT OF REACH OF CHILDREN  
 DANGER**

**DIRECTIONS FOR USE:** It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**CHEMICAL SANITIZING WAREWASHING:** Remove gross food particles and soil by pre-rinse, or pre-scrub, and when necessary, pre-soak treatment. Then place wares in dishwasher. Be sure dishwasher is dispensing proper type and amount of detergent. Dispense Low Temp Sani into the final rinse water at a concentration of 100 ppm available chlorine. Only a qualified service representative should set or adjust dispenser on the machine. Do not use on stainless steel or silver-plate. Dispenser must be set to deliver 6.5 cc of sanitizing solution per gallon of water to give 100 ppm of available chlorine. To insure the chlorine concentration does not fall below 50 ppm, periodically test the rinse solution with a suitable test kit and adjust the dispensing rate accordingly. Maintain contact time with sanitizer for at least 2 minutes. Minimum final rinse temperature of 140°F is required.

**DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL.** - Keep material dry and in a dry place. Store in original container, where temperatures do not exceed 125°F (52°C) for 24 hours.

**PESTICIDE DISPOSAL -** Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**CONTAINER DISPOSAL -** Non-refillable container. Do not reuse or refill this container. Offer for recycling, if available. Triple rinse container promptly after emptying. Triple rinse as follows: Fill container 1/2 full with water, and recap. Agitate vigorously. Follow Pesticide Disposal instructions for rinsate disposal. Drain for 10 seconds after the flow begins to drip. Repeat procedure two more times. Then offer for recycling or reconditioning. If not available, puncture and dispose in a sanitary landfill.

**SPILL OR LEAK PROCEDURE -** Small spills may be mopped up, flushed away with water or absorbed on some absorbent material and incinerated. Large spills should be contained, the material then moved into containers and disposed of by approved methods for hazardous wastes.

<b>IF IN EYES:</b>	<ul style="list-style-type: none"> <li>Hold eye open and rinse slowly and gently with water for 15-20 minutes.</li> <li>Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.</li> <li>Call a poison control center or doctor for further treatment advice.</li> </ul>
<b>IF ON SKIN OR CLOTHING</b>	<ul style="list-style-type: none"> <li>Take off contaminated clothing.</li> <li>Rinse skin immediately with plenty of water for 15-20 minutes.</li> <li>Call a poison control center or doctor for further treatment advice.</li> </ul>
<b>IF INHALED:</b>	<ul style="list-style-type: none"> <li>Move person to fresh air.</li> <li>If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably, mouth to mouth if possible.</li> <li>Call a poison control center or doctor for further treatment advice.</li> </ul>
<b>IF SWALLOWED:</b>	<ul style="list-style-type: none"> <li>Call a poison control center or doctor for further treatment advice.</li> <li>Have the person sip a glass of water if able to swallow.</li> <li>DO NOT induce vomiting unless told to do so by the poison control center or doctor.</li> <li>DO NOT give anything by mouth to an unconscious person.</li> </ul>

**HOTLINE NUMBER:**  
 Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-800-922-4626 for emergency medical treatment information.

**NOTE TO PHYSICIAN:**  
 Probable mucosal damage may contraindicate the use of gastric lavage. See MSDS for additional precautions.

**PRECAUTIONARY STATEMENTS**  
**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**  
**DANGER-CORROSIVE:** Causes irreversible eye damage and skin burns. May be fatal if inhaled. Harmful if swallowed or absorbed through skin. DO NOT get in eyes, on skin or on clothing. Do not breathe dust, vapor or spray mist. Irritating to nose and throat. Wear goggles, face shield or safety glasses and chemically resistant gloves. Wash thoroughly with soap and water after handling, and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash before reuse. Vacate poorly ventilated areas as soon as possible. DO NOT return until odors have dissipated.

**ENVIRONMENTAL HAZARDS**  
 This product is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into streams, ponds, estuaries, oceans or public waters unless in accordance with the requirements of the National Pollution Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer system without previously notifying the sewer treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

**PHYSICAL AND CHEMICAL HAZARDS**  
**STRONG OXIDIZING AGENT. MIX ONLY WITH WATER.** Mixing this product with gross filth such as feces, urine, etc., or ammonia, acids, detergents or other chemicals may release hazardous gases irritating to eyes, lungs and mucous membranes.

**NOTE:** This product degrades with age. Use chlorine test kit and increase dosage, as necessary to obtain required level of chlorine.
