NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This registration notice is being issued in accordance with Section 3(c)(2)(A) of the FIFRA subject to the following conditions.

1. It is understood that you will submit and/or cite all data required for registration or re-registration of your product under Section 3(c)(2)(A) of the FIFRA when the Agency requires all registrants of similar products to submit such data.

2. You will submit five copies of your finished printed labels complying with the requirements or revisions specified in the attachment to this registration notice.

3. Target date of the final label is [redacted] for the [redacted] of the product for shipment. Acceptance of this label is a condition of the registration. If the conditions are not complied with, the registration is subject to cancellation in accordance with section 6(e) of the FIFRA.

EPA Registration No.: 39272-11 Date Issued: August 20, 1984

Company Name: Wepak Corporation

Product Name: Wepak Pine Disinfectant

The following requirements or revisions apply to the label which was accepted with this registration notice:

1. The registration number which has been assigned to this product must appear on the label as EPA Registration No. 39272-11.
2. On the right panel under Disinfecting "Industrial Areas" change (1 part to 32 parts water) to read (1 part to 31 parts water).
3. In the product name change "Disinfects" to "Disinfectant."
4. Note the correct spelling of Salmonella.
5. The labels which will be used for this product in channels of trade must reflect these revisions.
6. Five copies of the finished printed labels, as defined in the A-79 enclosure, must be submitted to the Agency before the product is released for shipment to comply with PR Notice 82-2 of June 18, 1982.
7. The finished printed labels must comply with the general labeling requirements of Section 162.10 of Title 40 of the Code of Federal Regulations. Failure to do so may result in rejection of the labels.

**BEST AVAILABLE COPY**

Wepak Pine Disinfectant is effective against a wide variety of gram positive and gram negative bacteria. It is also an excellent deodorant and is especially effective in controlling odors that are bacterial in origin. Wepak Pine Disinfectant mixes with water to form clear, stable use solutions. Use solutions are non-corrosive and non-staining to plastics, vinyl, synthetics, enamel, tile and most common metals. Has a pleasant pine odor.

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS  
AND DOMESTIC ANIMALS  
DANGER**

Causes severe eyes and skin damage. Do not get in eyes or on clothing. Harmful if swallowed. Avoid contamination of food. Wear goggles or face mask and rubber gloves when handling.

**ENVIRONMENTAL HAZARDS:** This product is toxic to fish. Do not discharge into lakes, streams, ponds or public water, unless in accordance with an NPDES PERMIT.

**PHYSICAL OR CHEMICAL HAZARDS:** Do not use or store near heat or open flame.

**USE DIRECTIONS**

See regulation of Federal law for complete product information and instructions. Start with this labeling.

**APPLICATION INFORMATION**

Read the proper dilution of Wepak Pine Disinfectant for your use in the directions below. Apply the use solution with a sprayer, pump, or other appropriate mechanical device.

Apply to floors, walls, and other hard surface materials. Do not use on fabrics, carpets, or other soft materials. For use on soft materials, apply with the solution to be treated. Allow the solution to remain on the surface for 10 minutes to kill the germs.

Use on floors, walls, and other hard surfaces and disinfecting surfaces. Use on floors, walls, and other hard surfaces. Use on floors, walls, and other hard surfaces. Use on floors, walls, and other hard surfaces.

**ACCEPTED  
with COMMENTS  
by EPA Letter Dated:**

**39272-11  
AUG 20 1984**

**Under the Federal Insecticide,  
Fungicide, and Rodenticide Act  
as amended, for the pesticide  
registered under EPA Reg. No.**
