NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

- This product is conditionally registered in accordance with FIFRA section 2(c)(7)(C) provided that you:
- submit and/or cite all data required for registration/reregistration of your product under FIFRA section 2(c)(7)(C) when the Agency requires all or part of such data prior to use of the data.
 - take the following steps in labeling before you release the product for sale:
 - Add the phrase "EPA Registration No. 39272-12."
 - The statement "only for sale to, Use and Storage by Service Persons" must be of the same minimum type size as the "keep Out of Reach of Children" statement. Refer to the enclosure "The Label" for labeling type size requirements and adjust the type size of the child hazard warning statement and the signal word.
 - Delete the phrase "Lemon #39272-12" from the label.
 - Revise your disposal statement to read:

Wepak Lemon Disinfectant reduces the surface tension of water, improving its wettability. Microbes are capable of mass reproduction in sub-visible pores, scratches, and cracks of surfaces. The excellent wettability of Wepak Lemon Disinfectant improves the penetration of the use solution into areas that otherwise might not be reached.

Wepak Lemon Disinfectant is effective against a wide variety of gram-positive and gram-negative bacteria. It is also an excellent deodorant and is especially effective in controlling odors that are bacterial in origin. Has a pleasant lemon odor.

Wepak Lemon Disinfectant mixes with water to form clear, stable use solutions. Use solutions are non-corrosive and non-staining to plastic, vinyl, synthetics, enamel, tile and most common metals.

**PRECAUTIONARY STATEMENTS
