Charlotte, NC 28236

Subject: **Lemon Disinfectant**
EPA Registration Number 39272-12
Letter Dated March 8, 2006
EPA Received Dated March 13, 2006

Dear: Mr. Poffenbarger:

The following amendment, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable with the following comment.

Proposed Labeling

- update labeling

Label Comments:

Under the "Directions For Use", revise the "Disinfecting Directions" by adding the statement, "Preclean as above" It must appear before the use dilution statements, "Appy 5 oz. or sponge."

General Comments:

A stamped copy of the acceptable labeling is enclosed. Submit one (1) copy of your final printed labeling before distributing or selling the product bearing the revised labeling.

Enclosure

Wepak Lemon Disinfectant reduces the surface tension of water, improving its wettability. Microbes are capable of mass reproduction in sub-visible pores, scratches, and cracks of surfaces. The excellent wettability of **Wepak Lemon Disinfectant** improves the penetration of the use solution into areas that otherwise might not be reached.

Wepak Lemon Disinfectant is effective against a wide variety of gram-positive and gram-negative bacteria. It is also an excellent deodorant and is especially effective in controlling odors that are bacterial in origin. Has a pleasant lemon odor.

Wepak Lemon Disinfectant mixes with water to form clear, stable use solutions. Use solutions are non-corrosive and non-staining to plastic, vinyl, synthetics, enamel, tile and most common metals.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER. Corrosive.

Causes irreversible eye damage and skin burns. Do not get in eyes, on skin, or on clothing. Wear chemical goggles, protective clothing, and rubber gloves. Harmful if swallowed. Wash thoroughly with soap and water after handling and before eating, drinking, or using tobacco. Remove contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Do not discharge into lakes, streams, ponds, or public water unless in accordance with an NPDES Permit. Do not contaminate water by cleaning of equipment or by disposing of wastes.

STORAGE AND DISPOSAL: Store only in tightly closed, original container in a secure area inaccessible to children. Do not contaminate water, food, or feed by storage or disposal. Waste resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Do not reuse empty container. Triple rinse empty container with water. Return metal drums to reconditioner or puncture and dispose of in a sanitary landfill or by other procedures approved by state and local authorities. Plastic containers may be disposed of in a sanitary landfill, incinerated or, if allowed by local authorities, by burning. If burned, stay out of smoke.

DIRECTIONS FOR USE

In is a violation of Federal law to use this product in a manner inconsistent with its labeling.

APPLICATION INFORMATION

Select the proper dilution of **Wepak Lemon Disinfectant** for your use from the directions below. Apply the use solution with a clean mop, sponge, cloth, squeegee, mechanical scrubber or mechanical spraying device. Prepare fresh use solutions daily. Do not reuse solution. Discard solutions when they become visibly soiled for disinfection, thoroughly wet the surfaces to be treated. Surfaces must remain moist for at least 10 minutes to assure proper germicidal action.

**ONLY FOR SALE TO
USE BY SERVICE
AND STORAGE PERSONS.**

LEMON DISINFECTANT

*KILLS PSEUDOMONAS, SALMONELLA AND STAPHYLOCOCCUS.
**VIRUCIDAL

This product may be used for cleaning and disinfecting inanimate environmental surfaces (glass, metal, linoleum, tile, smooth leather, vinyl, enameled and on walls, floor, appliances and furnishings.

CLEANING

To Clean and Deodorize or to Preclean Prior to Disinfecting: soil, apply 3 oz. per gallon of water solution to hard surfaces with cloth, mop, brush, mechanical sprayer, or spray air dry. For heavy soil, apply 5 oz. per gallon of water solution.

DISINFECTING

For use in hospitals, nursing homes, restaurants, and other high traffic areas: Apply 5 oz. per gallon of water use solution to surfaces with cloth, mop, brush, mechanical sprayer, or spray air dry. Surfaces must remain wet for 10 minutes to assure proper germicidal action. For sprayer application, spray the surface, rub with cloth, mop, or sponge. Do not rinse. For heavily soiled areas, pre-clean as described above. Disinfection must be prepared daily or more often when surfaces are soiled or diluted or soiled.

Rinse all surfaces that come in contact with food and dishes with potable water before reuse. Do not use on dishes as a disinfectant.

This product is not for use on medical devices and equipment. **Toilet Bowl/Urinal Disinfectant:** Empty toilet bowl. Apply 1/2 gallon of water use solution to the bowl. Thoroughly clean exposed surfaces and under rim with cloth, mop, or sponge for 10 minutes and flush.

Food and Meat Processing Plants: Before use in food processing areas, all food products and packaging materials must be thoroughly cleaned or carefully protected. Follow General disinfection directions.

For mildew control: Follow directions for hospital disinfection. **Wepak Lemon Disinfectant** may be used through the cleaning equipment.

Wepak Lemon Disinfectant must not be used on
