 REREГИSTRATION  
 (Under the Federal Insecticide, Fungicide,  
 and Rodenticide Act, as amended)

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

*114,5392798*  
*1711*

Sumitomo Chemical America, Inc.  
 1330 Dillion Heights Avenue  
 Baltimore, Maryland 21228

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is registered in accordance with FIFRA sec. 3(c)(5) provided that you:

1. Make the labeling changes listed below before you release the product for shipment:
  - a). Add the phrase, "EPA Registration No. 39398-27".
  - b). Delete the following statements from the labeling:
    - Fresh
    - Fresh Clean Scent
    - Penetrate Where Aerosol Foggers Can't "to kill more bugs"
    - It Is Not An Aerosol Fogger
    - Unlike An Aerosol Fogger Spray

The above words or phrases are considered vague or non-specific terms or comparative words without valid comparison and/or implied safety claims and are unacceptable. With respect to the fragrance added, we suggest you specifically identify the scent, i.e pine, floral.

ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL: *George T. Babcock* DATE: **OCT - 4 1991**

c). The sites of application must be identified and placed on the front panel. Based upon the areas of use described on the right side panel we assume the product is intended for use in homes. Thus, the description of use sites should be similar to the following:

**"For Household Use (or For Use in Homes), Kitchens, Living areas, garages, Attics, Basements, and Pet Living areas".**

We note the currently submitted label was designated as being the label for the carton. What other labeling is associated with this product i.e. cartridge label? Please submit.

d). Change the signal word from warning to "Caution".

e). Revise the precautionary statements as follows:

**Caution: Harmful if inhaled. Avoid breathing the smoke. Avoid contact w' h eyes. May cause contact sensitisation following repeated contact with the skin of susceptible individuals. Cover and turn off fish aquariums. Remove plants, pets, and birds before using. Wash hands with soap and water after handling.**

**Do not use in food areas of food handling establishments, restaurants, etc.**

f). Replace the "If Swallowed" statement with the following:

**If Inhaled: Remove victim to fresh air and apply artificial respiration if necessary.**

**If On Skin: Wash promptly with soap and water. Rinse thoroughly. If sensitization reactions result, contact a physician.**

g). The label should specify cubic footage one unit will treat, i.e. 3000 cu. ft. This should be based upon acceptable efficacy data.

2). Submit five (5) copies of your final printed labeling before you release the product for shipment.

**Kills: Roaches (Palmetto Bugs & Water Bugs), adult Fleas, Ticks, Mosquitoes, Flies, Ants and Spiders.**

**DIRECTIONS FOR USE:**

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

**1. ROOM PREPARATION:** Open cupboards, cabinets, and drawers. Remove or cover all exposed food, dishes and utensils. Remove plants pets and birds. Cover and turn off fish aquariums. Close windows and doors. Shut off fans, air conditioners, and temporarily disconnect smoke alarms.

**2. TREATMENT:** Lift pull ring and remove top from cap. Remove metal insecticide cartridge from cup.

**3.** Add water to line near base of plastic cup. Do not overfill. Place it on the floor in the center of the room.

**4. TO ACTUATE:** Place the metal cartridge in the plastic cup. **DO NOT INSERT UPSIDE DOWN.**

**5.** Fumigation starts within 1-2 minutes. Leave the room and keep the doors and windows closed for 3 hours.

**6. AFTER TREATMENT:** Before re-occupying area, open all doors and windows and air for 30 minutes. Reactivate smoke alarms.

**7. STORAGE:** Store unused units in their original containers in a dry area inaccessible to children.

**DISPOSAL:** Do not reuse containers. Wrap used containers and discard in trash.

**German Cockroaches:** This product takes longer to kill these roaches than other bugs.

(right side pane

RED EARTH<sup>(R)</sup> AQUA FUMIGATOR PENETRATES WHERE AEROSOL FOGGERS CANNOT TO KILL MORE BUGS

Red Earth<sup>(R)</sup> Aqua Fumigator is a deep-penetrating fumigating fogger that flushes bugs out from where they hide and kills them on contact.

Red Earth<sup>(R)</sup> Aqua Fumigator is a fumigating fogger. It is not an aerosol fogger. When activated, it fumigates the whole room with a clean white cloud of smoke. Unlike an aerosol fogger spray, the smoke stays in the air during the 3-hour treatment, penetrating deep, filling cracks and crevices and going way under furniture and appliances to kill roaches and fleas where they hide. That is why it kills so many bugs! German roaches may take longer to be killed than other bugs.

Red Earth<sup>(R)</sup> Aqua Fumigator can be used in kitchens, living areas, garages, attics, basements and pet living areas. One unit treats a room of up to 19' x 20'. For best results, keep treated room closed for 3 hours.

Relieves infestations.

Non-aerosol.

Convenient - easy to use.

Delayed fogging allows time to leave room.

No oily residue on surfaces.

Fresh clean scent.

No stains.

(back panel)

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**WARNING:** Harmful if swallowed or inhaled. Avoid breathing the smoke. Do not use in food areas of food handling establishments, restaurants, or other areas where food is commercially prepared or processed. Do not use in storage areas while food is exposed. Wash eating and cooking utensils before use following activation of the Aqua Fumigator. Remove unpackaged or opened packages of food from the area prior to exposure. Cover and turn off fish aquariums. Remove plants, pets, and birds before using. Wash hands with soap and water after handling.

**STATEMENT OF PRACTICAL TREATMENT:**

If Swallowed: Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person. Get medical attention.

**PHYSICAL AND CHEMICAL HAZARDS:**

When metal cartridge comes into contact with water, and for 30 minutes thereafter, it will be hot. This is normal. In order to avoid skin burns, do not touch metal container during this time. Heat resistant cup protects contact surfaces.
