**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION:**

Harmful if inhaled. Avoid breathing the smoke. Avoid contact with eyes. May cause sensitization following repeated contact with the skin of susceptible individuals. Cover and turn off fish aquariums. Remove plants, petc, and birds before using. Wash hands with soap and water after handling.

Do not use in food areas of food handling establishments, restaurants, etc.

**STATEMENT OF PRACTICAL TREATMENT:**

- If Inhaled: Remove victim to fresh air and apply artificial respiration if necessary.
- If On Skin: Wash promptly with soap and water. Rinse thoroughly. If sensitization reactions result, contact a physician.

**PHYSICAL AND CHEMICAL HAZARDS:**

When metal cartridge comes into contact with water, and for 30 minutes thereafter, it will be hot. This is normal. In order to avoid skin burns, do not touch metal container during this time. Heat resistant cup protects contact surfaces.

EPA Registration No. 39398-27  
EPA Est. No.

Manufactured by: Earth Chemical Co., Ltd.  
For: Sumitomo Chemical America, Inc.  
345 Park Avenue  
New York, NY 10154

**Kills: Roaches (Palmetto Bugs and Water Bugs) adult fleas, ticks, mosquitoes, flies, ants and spiders**

**DIRECTIONS FOR USE**

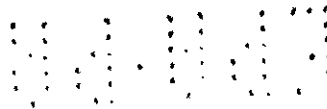

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

1. Room Preparation: Open cupboards, cabinets, and drawers. Remove or cover all exposed food, dishes and utensils. Remove plants, pets and birds. Cover and turn off fish aquariums. Close windows and doors. Shut off fans, air conditioners, and temporarily disconnect smoke alarms.
2. Treatment: Lift pull ring and remove top from cap. Remove metal insecticide cartridge from cap.
3. Add water to line near base of plastic cup. Do not overfill. Place it on the floor in the center of the room.
4. To Actuate: Place the metal cartridge in the plastic cup. DO NOT INSERT UPSIDE DOWN.
5. Fumigation starts within 1-2 minutes. Leave the room and keep the doors and windows closed for 3 hours.
6. After Treatment: Before re-occupying area, open all doors and windows and air for 30 minutes. Reactivate smoke alarms.

**STORAGE AND DISPOSAL**

**STORAGE:** Store unused units in their original containers in a dry area inaccessible to children.

**DISPOSAL:** Do not reuse containers. Wrap used containers and discard in trash.

For Household Use (or for use in homes): Kitchens, Living areas, garages, attics, basements, and pet living areas.

Red Earth<sup>®</sup> G-8-F Aqua Fumigator is a deep-penetrating fumigating fogger that flushes bugs out from where they hide and kills them on contact.

Red Earth<sup>®</sup> G-8-F Aqua Fumigator is a fumigating fogger. When activated, it fumigates the whole room with a white cloud of smoke. The smoke stays in the air during the 3-hour treatment, penetrating deep, filling cracks and crevices and going way under furniture and appliances to kill roaches and fleas where they hide. That is why it kills so many bugs! German roaches may take longer to be killed than other bugs.

One unit treats a room of 3000 cubic feet. For best results, keep treated room closed for 3 hours.

Relieves infestations.

- Convenient - easy to use.
- Delayed fogging allows time to leave room.
- No oily residue on surfaces.
- No stains.
