REGISTRATION DIVISION (TS-767)  
WASHINGTON, DC 20460

EPA REGISTRATION

DATE OF ISSUANCE

39444-7

FEB 5 1990

TERM OF ISSUANCE

NOTICE OF PESTICIDE:  REGISTRATION  
 REREGISTRATION

(Under the Federal Insecticide, Fungicide,  
and Rodenticide Act, as amended)

NAME OF PESTICIDE PRODUCT

Micropur MT 5

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Katadyn  
3020 North Scottsdale Street  
Scottsdale, AZ 85251

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling changes listed below before you release the product for shipment:

- a. Add the phrase "EPA Registration No. 39444-7."
- b. Delete the statement, "In such cases, we recommend use of Katadyn.....viral agent."
- c. Delete the term, "preservation" from the product labeling. This term implies that the product registered is a preservative for municipally treated water."

ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL

DATE

- d. Delete the statement, "Not for sale or use after (insert dated 10 years from the product labeling). The Agency has no data to substantiate that this product will maintain its efficacy claims for a period of 10 years. Additionally, the Agency has now determined that silver release data must be submitted to the Agency for our review to determine if the product will stay concentrated to continue its bacteriostatic action for any specified period of time. Please refer to the "Interim Requirements for Registration of Bacteriostatic Water Treatment Units for Home Use."
- e. Place the statement, "Keep Out of Reach of Children" directly above the signal word "Caution."

In order to remain in compliance with FIFRA, the following statement must appear in directions for use section of label on all end-use products for use for human drinking systems:

1. "Use with cold water only."
2. "The product is designed to remove objectionable tastes, odors, and color from municipally treated tap water."
3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

Marion J. Johnson  
Product Manager 31  
Antimicrobial Program Branch  
Registration Division (7505C)

DRAFT LABEL: April 14, 1995

### MICROPUR<sup>®</sup> MT 5

For the ~~preparation~~ and storage of potable water.

Micropur<sup>®</sup> keeps drinking water potable for travelling, boating, camping, and in motorhomes. It protects against the growth of bacteria.

Micropur<sup>®</sup> keeps water in tanks free from bacterial re-contamination, and inhibits the formation of algae. It keeps water fresh and suitable for extended storage.

Micropur<sup>®</sup> is based on silver (bacteriostatic action). It is neutral to the taste and simple to use.

**Active Ingredient:**

Ionic Silver (Ag <sup>+</sup> )	1.0 %
Inert Ingredients	99.0 %

FEB 1993

Net Contents: 0.09 oz. (50 tablets)

Directions for Use:

39444-7

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Add 1 tablet to 5 quarts of water. Mix thoroughly, by stirring and shaking. Let stand 2 hours before use.

Storage and disposal:

Store in a dry place away from direct light. Do not reuse empty container. Wrap and put in trash.

Precautionary Statements:

Not for use in turbid or untreated water, which may contain contaminating germs other than bacteria (~~e.g., protozoa, amoeba or viruses~~). ~~In such cases, we recommend use of Katadyn bacteriological filters and, if necessary, an anti-viral agent.~~

Containers used to store water should be thoroughly cleaned prior to use.

Use of aluminum containers to store water is not recommended, since such containers may become corroded.

~~Do not use after [insert date 10, 1995] (end of packaging).~~

Caution:

Keep out of reach of children.
