MICROPUR® MT 20

For the storage of potable water.

Micropur® inhibits the growth of bacteria within the tank or other container, helping to maintain the potability of drinking water for travelling, boating, camping, and use in motorhomes.

Micropur® keeps water in tanks and containers free from bacterial re-contamination, keeping the water fresh and suitable for extended storage.

Micropur® is based on silver (bacteriostatic action). It is neutral to the taste and simple to use.

Active Ingredient:

Silver	0.8 %
Inert Ingredients	99.2 %

With...
 EPA...
 MAR 26 1997

Keep out of reach of children.

Caution

Net Contents: 0.18 oz. (20 tablets)

Directions for Use:

39444-10

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Add 1 tablet to 20 liters (approximately 5 gallons) of water. Mix thoroughly, by stirring and shaking. Let stand 2 hours before use.

Use only with cold potable water which is microbiologically safe for drinking.

Storage and disposal:

Store Micropur® in a dry place away from direct light. Do not reuse empty Micropur® container. Wrap and put in trash.

Precautionary Statements:

Containers used to store water should be thoroughly cleaned prior to use.

Containers of treated water should not be stored more than six months. Partially used containers should be emptied and cleaned before refilling.

Use of aluminum containers to store water is not recommended, since such containers may become corroded.
