NOTICE OF PESTICIDE

NAME AND ADDRESS OF REGISTRANT:

NOTE: Changes in the name of the registrant, the name of the pesticide, the name of the trade name, the name of the manufacturer, the name of the distributor, the name of the dealer, or the name of the retailer must be reported to the U.S. EPA within 30 days.

On the _____ day of _____, 19____, the above-named registrant, manufacturer, distributor, dealer, or retailer has filed with the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the label and other information required by the Act is being furnished to you for your information.

Registration is required for all pesticides under the Act. It is the responsibility of the registrant to protect health and the environment. All pesticides must be registered under the Act. The registration of a pesticide under the Act does not constitute an endorsement or approval by the EPA. The name of the pesticide must be used as it appears on the label and must not be used in a manner not intended by the registrant.

EXTRA LABEL INFORMATION

SIGNATURE OF REGISTRANT: _____

DATE: 7/1/83

IPC 8905 will control algae and bacterial slimes found in recirculating cooling tower waters and oil field water flood. IPC 8905 helps clean and loosen slime debris from cooling and flooding system surfaces. When used in slug doses, no other microbiocide is required.

IPC 8905 is economical to use because it is concentrated. It should be handled with care.

DANGER

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Keep Out of Reach of Children. Corrosive. Causes severe eye and skin damage. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food.

Statement of Practical Treatment

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse.

If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution; or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression, and convulsion may be needed.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Do not apply in marine and/or estuarine oil fields. Do not discharge into lakes, streams, ponds or public waters unless in accordance with a NPDES permit. For guidance contact your Regional Office of the Environmental Protection Agency.
