 <p>U.S. ENVIRONMENTAL PROTECTION AGENCY Office of Pesticide Programs Registration Division (H7505C) 1200 Pa. Ave. N.W. Washington, D.C. 20460</p> <p>NOTICE OF PESTICIDE Registration</p> <p>(under FIFRA, as amended)</p>	EPA Reg. Number: 39578-2	Date of Issuance: JUL 6 2004
	Term of Issuance: UnConditional Registration	
	Name of Pesticide Product: FINACIDE IPC	
Name and Address of Registrant (include ZIP Code): Schirm USA, Inc. 2801 Oak Grove Rd. Ennis, TX 75119		
Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.		
On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.		
Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.		

This product is unconditionally registered in accordance with FIFRA sec. 3(c)(5). Once a pesticide is registered, however, it is not regarded as permanently acceptable. Registration does not eliminate the need for continual reassessment of pesticides. If the Agency determines that, at any time, additional data are required to maintain in effect an existing registrations, the Agency will require submission of such data under FIFRA section (3)(c)(2)(B).

2. Make the following label changes:

a. Revise the EPA Registration No. to read "EPA Reg No. 39578-2".

2. Submit four (4) copies of the revised final printed labeling for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

Signature of Approving Official:  Richard Gebken, Acting Product Manager 10	Date: JUL 6 2004

with COMMENTS
in EPA Letter Dated:

JUL 6 2004

**Under the Federal Insecticide,
Fungicide, and Rodenticide Act,
as amended, for the pesticide
registered under EPA Reg. No.**

39578-2

FIRST AID	
If swallowed	<ul style="list-style-type: none"> • Call poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Do not give anything by mouth to an unconscious person.
If in eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.
If on skin or clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
If inhaled	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. • Call a poison control center or doctor for further treatment advice.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.	

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Harmful if swallowed. Avoid contact with skin, eyes or clothing. Avoid breathing dust. Wash thoroughly with soap and water after handling. Avoid contamination of food and feed. Do not leave container where children or animals may gain access.

ENVIRONMENTAL HAZARDS

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

FOR CHEMICAL EMERGENCY, SPILL, LEAK, FIRE, EXPOSURE, OR ACCIDENT Call CHEMTREC - Day or Night: 1-800-424-9300 toll free in the continental U.S., Puerto Rico, or U.S. Virgin Islands. For calls originating elsewhere: 703-527-3887 (collect calls accepted).

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

GENERAL INSECT CONTROL

FINACIDE IPC is a water soluble borate salt with insecticidal properties effective as a remedial treatment to control existing infestations or as a preventive treatment for possible future infestations of insect pests such as, but not limited to, the following: **roaches** (including German, brown-banded, smokey brown, brown, American, Australian and Oriental roaches), **silverfish**, **earwigs**, **crickets** (including house crickets, field crickets and camel crickets), **ants** (including

Argentine, thief, little black, pavement, odorous house, crazy and ghost Ants), **carpenter ants, boxelder bugs, cluster flies, centipedes and millipedes.**

FINACIDE IPC may be used as a liquid crack, crevice, void and spot treatment for the control and prevention of insects such as ants, crickets, earwigs, roaches and silverfish. **Applications of this product in the food areas of food handling establishments other than as a crack and crevice treatment are not permitted.** Do not use in serving areas while food is exposed. Avoid contamination of feed and foodstuffs. Do not use in edible product areas. FINACIDE IPC may be used in homes, restaurants, markets, schools, warehouses, factories, offices, hotels, hospitals, nursing homes, garages, grocery stores, apartment buildings, new construction, industrial plants, theaters, ships, trains, trucks, yachts, mobile homes, buses, zoos, kennels, military bases, libraries and utilities. Apply FINACIDE IPC only in areas inaccessible to children and pets. **FINACIDE IPC may not be used for flea control.**

APPLICATION

Application as a Dust

FINACIDE IPC may be dusted into wall voids, cracks and crevices, moist areas, openings around pipes and sinks, under refrigerators, behind baseboards and storage shelves to kill and prevent infestations of ants, crickets, cockroaches, silverfish and other pest insects and arthropods. One pound of the dry product will treat approximately 200 linear feet of cracks and crevices. No powder should be visible after application. Any powder visible after application must be brushed into cracks and crevices or removed. Apply only in areas inaccessible to children and pets. Avoid contamination of feed and foodstuffs. Do not use in areas where food is exposed.

Preparation of a Treatment Solution

For 15% FINACIDE IPC solution: To prepare a ready-to-use dilution, add approximately 80% of the required volume of water to the mixing vessel. While stirring, gradually add 1.5 pound of FINACIDE IPC for each gallon (or 6 ounces per quart) of treatment solution needed. Add remaining water to the solution and stir until all the powder has dissolved. This solution should be used as soon as possible and not stored for an extended length of time. Wash and rinse all equipment after each use.

Application as a Liquid

FINACIDE IPC 15% liquid solution may be applied as a crack and crevice, void and spot treatment to kill and control infestations of ants, crickets, cockroaches, earwigs and silverfish. Apply FINACIDE IPC 15% liquid solution into cracks and crevices, void areas, between elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases and areas where insects hide. When used as a crack and crevice spray, one gallon will treat 400 - 500 linear feet. When spraying into voids or onto exterior surfaces, one gallon treats 133 square feet. Use only as a coarse spray - care should be taken to avoid producing any mist which may drift in the air. FINACIDE IPC 15% solution for general insect control may be applied as a spot treatment to outside areas of structures around windows, door frames and other areas where insect pests may enter. Product may leave a light residue on dark surfaces. Residual effects of FINACIDE IPC will last longer in areas protected from weather and elements.

Note: Do not apply FINACIDE IPC liquid solutions in conduits, motor housings, junction boxes, switch boxes or other electrical equipment because this may cause electrical shocks.

Application of FINACIDE IPC as a mop solution: Add 8 ounces of **FINACIDE IPC** to each gallon of water (1 pound per 2 gallons), while stirring. Continue stirring until all powder is dissolved. Make only enough for each application. This is to be used only as a supplemental treatment in conjunction with other pest management practices and may be reapplied as necessary. Any powder visible after application must be brushed into cracks and crevices or

removed. Avoid contamination of feed and foodstuffs.

MILDEW AND FUNGUS CONTROL

Application of FINACIDE IPC to control mildew and fungus: FINACIDE IPC may be mixed at the rate of 8 ounces of powder to 1 gallon of water (1 pound per 2 gallons, or 2 ounces per quart) and applied to certain surfaces to kill and control mildew and fungus. Effective, prolonged control requires control of the moist conditions in the treated area. Apply as a spot treatment to affected surfaces including baseboards and wall areas.

DO NOT APPLY FINACIDE IPC TO CARPET AREAS. Reapply to affected areas as necessary.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE STORAGE: Store in a dry place. Do not store where children or animals may gain access.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL

For Paper or Plastic Bags: Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

For Plastic Containers: Do not reuse empty container. Triple rinse container, then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

For Mini-bulk Refillable Containers: Return to Schirm USA, Inc. If not returned or refilled, do not reuse container. Triple rinse, then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

DISCLAIMER

IMPORTANT:
