PESTICIDE OFFICE OF
AND TOXIC SUBSTANCES

Dear Mr. Schultz:

MAR 19 1992

Subject: Amended labels: Directions
Schultz - Instant Insect Spray
EPA Registration No. 39609-1
Submission: March 11, 1992

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable. A stamped copy is enclosed for your records.

As new labels are prepared, make the following changes:

1. Delete "etc" from the list of vegetables. (The claim for fruits is not acceptable since you have no directions for fruits on the label.)
2. Delete - May be used xxx around humans and pets xxx - from the statement - May be used indoors, outdoors, in homes, restaurants, greenhouses, offices, schools xxx year-round. This can be construed as a safety claim and is inconsistent with the reference to removing aquaria before spraying.

Refer to the enclosed sample label for format issues.

The label marked FOR FRUITS AND VEGETABLES is not acceptable as there are no fruits listed.

The 355 ml label is unacceptable because you include the terms - Biodegradable - Non-Aerosol and Contains No Propellants. These are considered safety claims.

Sincerely,

A handwritten signature in dark ink, appearing to read "RFM", is positioned above the typed name of the official.

Richard F. Mountfort
Product Manager 10

DIRECTIONS • SHAKE BOTTLE WELL BEFORE EACH USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

TO CONTROL INSECTS NAMED

Water plant thoroughly. Turn spray nozzle to "ON" position. Hold bottle 12" from plant and spray lightly covering upper and lower leaf surfaces and soil around base of plant. Repeat treatment weekly or as needed to control infestation. Avoid heavy drenching. Use caution on new growth, seedlings, tender foliage, and avoid spraying buds and blooms. Do not spray in hot sun or in temperatures over 90°F.

THIS INSECTICIDE

May be used indoors, outdoors, in homes, restaurants, greenhouses, offices, schools, and around humans and pets year-round.

MAY BE APPLIED TO EDIBLES UP TO DAY OF HARVEST.
LEAVES NO OBJECTIONABLE RESIDUES.

CAUTIONS

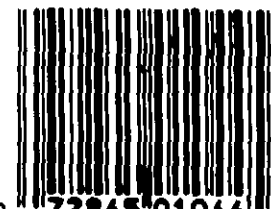

This product is toxic to fish. Cover or remove aquaria before spraying. Do not add directly to water. Harmful if swallowed. Avoid spraying on materials for which this product is not intended.

STORAGE AND DISPOSAL

Do not reuse empty container. Wrap container and put in trash collection. Buyer assumes all risks of use, storage, and handling of this product not in strict accordance with these directions and cautions.
