CONTACT SPRAYS - To kill fleas, ticks, earwigs, grasshoppers, scorpions, spiders and centipedes. Adjust spray to produce large wetting fine spray particles. Direct spray to attack these insects in cracks and crevices, under floors, basements, around pipes, behind cabinets, and other harborage areas. Spray these infested areas until thoroughly wet. Repeat as necessary.

SYNTHA-SPRAY 25

destroy. Avoid contamination of other food and food stuffs in the area by crawling before spraying. Sprays directly on exposed stages and into cracks and crevices where grain insects may be hiding. In homes, dispose of all infested products. The shelves, and drawers should be cleaned, thoroughly sprayed so as to contact all pests and covered with shelf paper after allowing shelves to dry. Any utensils that are contacted with spray should be washed before using. Repeat as necessary.
