EVERGLADES POOL SUPPLIES

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS & DOMESTIC ANIMALS**

**DANGER:** Corrosive. May cause severe skin irritation or chemical burns to broken skin. Causes eye damage. Do not get in eyes on skin or on clothing. Wear goggles or face shield and rubber gloves when handling this product. Wash after handling. Avoid breathing vapors. Vacate poorly ventilated areas as soon as possible. Do not return until odors have dissipated.

**ENVIRONMENTAL HAZARDS:** This pesticide is toxic to fish. Keep out of lakes, streams or ponds. Treated effluent may not be discharged into lakes, streams, ponds or public waters without a valid discharge permit. For guidance, contact the regional office of the Environmental Protection Agency.

**PHYSICAL AND CHEMICAL HAZARDS: STRONG OXIDIZING AGENT:** Mix only with water according to label directions. Mixing this product with gross filth such as feces, urine, etc., or with ammonia, acids, detergents or other chemicals may release hazardous gases irritating to eyes, lungs and mucous membranes.

**DIRECTIONS FOR USE  
GENERAL CLASSIFICATION**

THIS IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

**DIRECTIONS FOR SWIMMING POOL CHLORINATION**

1. Read the label carefully before using this product. 2. Do not use in swimming pools which are not properly maintained. 3. Do not use in swimming pools which are not properly chlorinated. 4. Do not use in swimming pools which are not properly filtered. 5. Do not use in swimming pools which are not properly cleaned.

A. A solution of water with 1 part of this product to 100 parts of water. Add to swimming pools at a rate of 1 lb. per 10,000 gallons of water. B. A solution of water with 1 part of this product to 100 parts of water. Add to swimming pools at a rate of 1 lb. per 10,000 gallons of water. C. A solution of water with 1 part of this product to 100 parts of water. Add to swimming pools at a rate of 1 lb. per 10,000 gallons of water.

**DIRECTIONS FOR DISINFECTION OF POTABLE WATER  
FOR HOME WELL WATER SYSTEMS**

1. Add this product to a hypochlorite solution in the rate of 10 parts per million. 2. Mix solution by hand or by machine. 3. Apply and begin feeding of solution with a hypochlorite meter. 4. Maintain free residual of at least 3.0 ppm. 5. Maintain residual throughout the distribution system as determined by a DPD test. 6. Maintain residual in the range of 1.0 to 3.0 ppm. 7. Maintain residual in the range of 1.0 to 3.0 ppm.

**DIRECTIONS FOR SANITIZING FOOD PROCESSING OR DAIRY EQUIPMENT**  
Clean equipment in the normal manner. Just before using, clean all surfaces thoroughly with this sodium hypochlorite solution containing 100 ppm available chlorine. Maintain contact with sanitizer for a minimum of two minutes. Rinse with water after treatment with sodium hypochlorite solution. Do not make vinegar. Add this solution to the tank of the sodium hypochlorite solution per 4 lbs. of water with 100 ppm available chlorine by weight.

**NOTE:** This product degrades with age. Use only unexpired product.

**STORAGE AND DISPOSAL:** Store in cool, dry area away from direct sunlight. In case of spill, flood area with large quantities of water. Rinse empty containers thoroughly with water and either return to manufacturer or discard for proper trash collection services as approved by local health authorities. Do not reuse. Containers should be rinsed with water and disposed of in a sanitary sewer. Do not contaminate food or feed by storage, disposal or cleaning of equipment.
