Washington, DC 20036

Subject: Label Amendment - Registration Review Mitigation for Cyphenothrin
Product Name: RED EARTH G-8-F AQUA FUMIGATOR
EPA Registration Number: 39921-1
Case Number: 683665
Application Dates: January 16, 2026

Dear Wendy McCombie:

The Agency, in accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, has completed reviewing all the information submitted with your application to support the Registration Review of the above referenced product in connection with the Cyphenothrin Interim Decision, and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling and must be used at your next label printing. You must

submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 12 months from the date of this letter. After 12 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

If you have any questions about this letter, please contact Theodore Varns by phone at 202-566-2241, or via email at varns.theodore@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Kevin Costello". The signature is written in a cursive style with a large initial "K".

Kevin Costello, Branch Chief
Risk Management and Implementation Branch 2
Pesticide Re-Evaluation Division
Office of Pesticide Programs

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if inhaled. Avoid breathing the smoke. Avoid contact with eyes. May cause sensitization following repeated contact with the skin of susceptible individuals. Remove plants, pets, birds, fish and other aquatic life before use. Cover fish aquariums tightly and turn off aerators. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

PHYSICAL OR CHEMICAL HAZARDS

When metal canister comes in contact with water, and for 30 minutes thereafter, it will be hot. This is normal. In order to prevent skin burns, do NOT touch metal canister during this time. Heat resistant cup protects contact surfaces.

PRODUCT INFORMATION

Red Earth® Aqua Fumigator is a deep-penetrating dry fogger that flushes bugs out from where they hide and kills them on contact. When activated, it [fumigates] [dry fogs] the whole room with a white cloud of smoke. The smoke stays in the air during the 3-hour treatment, penetrating deep, filling cracks and crevices and going way under furniture and appliances to kill roaches and fleas where they hide. That is why it kills so many bugs!

(Note to reviewer: four different spatial treatment size statements are provided depending on the retail container size – 0.35oz (10g), 0.71oz (20g), 1.76oz (50g), or 3.53oz (100g) – only one will be used on the container label.)

(For the 0.35oz (10g) container size): One unit treats a room of 2,500 cubic feet [(15' x 20' x 8' [300 square feet])]. [One unit will treat at room up to 15 feet by 20 feet with an 8 feet ceiling.] For best results, keep treated room closed for 3 hours.

(For the 0.71oz (20g) container size): One unit treats a room of 5,000 cubic feet [(20' x 30' x 8' [600 square feet])]. [One unit will treat at room up to 20 feet by 30 feet with an 8 feet ceiling.] For best results, keep treated room closed for 3 hours.

(For the 1.76oz (50g) container size): One unit treats a room of 12,500 cubic feet [(30' x 50' x 8' [1,500 square feet])]. [One unit will treat at room up to 30 feet by 50 feet with an 8 feet ceiling.] For best results, keep treated room closed for 3 hours.

(For the 3.53oz (100g) container size): One unit treats a room of 25,000 cubic feet [(50' x 60' x 8' [3,000 square feet])]. [One unit will treat at room up to 50 feet by 60 feet with an 8 feet ceiling.] For best results, keep treated room closed for 3 hours.

Kills Roaches (Palmetto bugs and Water bugs) adult fleas, ticks, mosquitoes, flies, ants, and spiders.

USE RESTRICTIONS

Do not use in food areas of food handling establishments, restaurants, or other areas where food is commercially prepared or processed. All food preparation surfaces and utensils must be covered during treatment or thoroughly washed before reuse. Non-food areas are areas such as garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boilers rooms, garages, mop closets, and storage areas. Do not apply in occupied patient rooms or in any areas while occupied by patients, the elderly, or infirm. Do not

MASTER LABEL – RED EARTH® G-8-F AQUA FUMIGATOR

(Note to Reviewer: [bracketed text] is alternate or optional wording; (parenthetical text) is informational.)

apply in institutions (including libraries, schools, athletic facilities) in areas where occupants are present. Do not use multiple canisters in a room.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read and follow all directions for use carefully before applying.

Do not allow to enter indoor or outdoor drains. Follow proper disposal procedures on this label

No permita la entrada a desagües internos o externos. Siga las indicaciones del etiquetado para el desecho apropiado del producto.

(Insert the following pictogram): EPA PRE-APPROVED PICTOGRAM representing “image of a diagonal strikethrough over a drain”

Indoor Treatment [Use Sites]

For use in Homes, Kennels, and Non-food areas of Commercial Buildings such as: Warehouses, Theaters, Office Buildings, Schools, Hotels, Motels, Restaurants, and Food Processing Facilities. For household use (or for use in homes): Kitchens, living areas, garages, attics, basements, and pet living areas.

To Use This Product Correctly: Do not use multiple units in a room.

(Insert the following pictograms):
“Do Not Use Multiple Canisters in a Room”

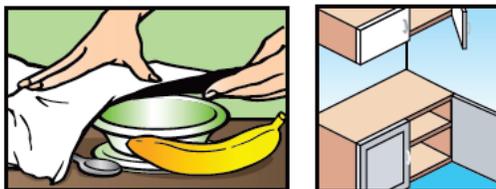

Before you fog:

Room Preparation: Open cupboards, cabinets, drawers, hampers, luggage, chests, and closets in the areas to be treated. Remove or cover all exposed food, dishes, and utensils before use of the product. Remove plants, pets, birds, fish and other aquatic life. Cover fish aquariums tightly and turn off aerators. Close windows and doors. Shut off fans, air conditioners, and temporarily disconnect and cover smoke alarms. Prevent fog movement into adjoining areas or rooms not intended for treatment by covering open duct work or vents. For best results, empty drawers and chest in area to be treated. Remove cushions from furniture but leave in room to be treated.

MASTER LABEL – RED EARTH® G-8-F AQUA FUMIGATOR

(Note to Reviewer: [bracketed text] is alternate or optional wording; (parenthetical text) is informational.)

(Insert the following pictograms for: “Remove or Cover Exposed Food” and “Open cupboards,

cabinets, drawers, etc.”)

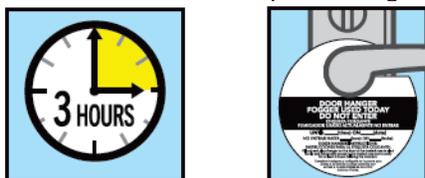

To Start Fogging:

For indoor use only. **DO NOT OPEN UNTIL READY TO USE.** Peel off shrink film and remove the plastic frame from the cup. Retain paper lid for use as a doorknob hang-tag. Remove plastic cover from top of plastic cup. Remove foil packaging and instructions sheet from plastic cup. Fill the plastic cup with water to the line that is printed near the base of the plastic cup. **DO NOT OVER FILL.** Place the plastic cup on the floor in the center of the room. To activate, tear open foil, remove canister, and place canister back in the plastic cup. **DO NOT INSERT UPSIDE DOWN.** Replace the plastic frame back on the cup. The water will slowly activate the dry fogger allowing time for you to leave the room. [Fumigation] [Fogging] starts within 1-2 minutes. **Vacate the treated house, individual apartment unit, or other structure immediately.** Keep doors, vents, and windows closed. Fill out and place hang-tag on the door to the treated area to alert family and others with access to the treated area not to enter for 3 hours.

(Insert the following pictograms for: “Fill the plastic cup with water to the line that is printed near the base of the plastic cup”, “To activate, tear open foil, remove canister, and place canister back in the plastic cup” and “Replace the plastic frame back on the cup”)

(Insert the following pictograms for: “A CLOCK FACE DEPICTING THE PASSAGE OF 3 HOURS TIME” and “Fill out and place hang-tag on the door”)

Airing Out:

After Treatment: Before re-occupying area, open all doors and windows, and ventilate for 30 minutes. Reactivate or uncover smoke alarms.

(Insert the following pictogram: “Air out the Room Before Entering”)

(Note to Reviewer: [bracketed text] is alternate or optional wording; (parenthetical text) is informational.)

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store unused units in their original containers in dry area inaccessible to children.
PESTICIDE DISPOSAL AND CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for local disposal instructions. Do not pour or dispose down-the-drain or sewer.

Optional Label Claims, Graphics, and Marketing Statements for container, package instructional insert or other advertising/marketing materials

- A Water-based Bug Bomb that does not require fire or electricity to activate.
- Not an aerosol, no propellant used. No flammable gas released.
- Kills Roaches (Palmetto bugs and Water bugs, adult fleas, ticks, mosquitoes, flies, ants,

and spiders. (target image)

- Convenient-easy to use

- Delayed fogging allows time to leave room (delayed fogging image)

- No oily residue on surfaces (no oily residue image)

- No stains
- Kills listed Crawling and Flying insects
- Kills even the toughest bugs
- Deep Reaching [Penetrating] dry smoke [fog]
- [Fumigating] [Dry] fog penetrates [hard to reach] areas where insects [roaches, adult fleas, ticks, mosquitoes, flies, ants, spiders] live and hide
- [Fumigating] [Dry] smoke [fog] penetrates [reaches] obstructed spaces such as upholstered furniture, drawers, bureaus, wardrobes, dresser drawers, kitchen cabinets,

and behind appliances (dry fog penetration image)

- Dense [Dry] fog makes killing of listed insects quick and easy
- Relieves infestations fast
- Part of a complete home defense system
- Red Earth G-8-F Aqua Fumigator
