DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Only for formulation for the following uses:

- (1) KBR 3023 Technical is intended for formulation into end-use, dermally applied insect repellent products.
- (2) uses for which US EPA has accepted the required data and/or citations of data that the formulator has submitted in support of registration; and
- (3) uses for experimental purposes that are in compliance with US EPA requirements.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE CONDITIONS: Store in a cool, dry place and in such manner as to prevent cross contamination with other pesticides, fertilizers, food and feed. Store in original container and out of the reach of children, preferably in a locked storage area.

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Do not use container in connection with food, feed, or drinking water. Completely empty container into the processing equipment. Then dispose of empty container in a sanitary landfill, by incineration or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

Handle and open container in a manner as to prevent spillage. If the container is leaking or material is spilled for any reason or cause, cover spill with inert material (e.g., dry sand or earth) and collect for proper disposal. Refer to Precautionary Statements on label for hazards associated with the handling of this material. Do not walk through spilled material. Dispose of pesticide as directed above.

In spill or leak incidents, keep unauthorized people away. You may contact the LANXESS Emergency Response team for decontamination procedures or any other assistance that may be necessary. The Pittsburgh Emergency Response Telephone Number is 800-410-3063 or contact Chemtrec at 800-424-9300.
