**U.S. ENVIRONMENTAL PROTECTION AGENCY**

Office of Pesticide Programs  
Antimicrobials Division (7510C)  
1200 Pennsylvania Avenue NW  
Washington, D.C. 20460

EPA Reg.

Number:

39967-69

Date of Issuance:

JUN 24 2009

Term of Issuance:

Conditional

Name of Pesticide Product:

Preventol® A 20

**NOTICE OF PESTICIDE:**

- Registration
- Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

LanXess Corporation  
111 RIDC Park West Drive  
Pittsburgh, PA 15275-1112

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product (OPP Decision Number: D-390455) is conditionally registered in accordance with FIFRA sec 3(c)(7)(b) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for re-registration of your product under FIFRA section 4.
2. Make the labeling changes listed below before you release the product for shipment:
  - a. Revise the EPA Registration Number to read, "EPA Reg. No. 39967-69".

Signature of Approving Official:

Tracy Lantz  
(Acting) Product Manager Team 34  
Regulatory Management Branch II  
Antimicrobials Division (7510P)

Date:

JUN 24 2009

- b. Revise the Precautionary Statement to include the following: "Wear long sleeve shirt, long pants or overalls, and rubber or neoprene gloves along with a mask or a respirator".
3. The following two studies must be received by the Agency, reviewed and found to be acceptable in order to fulfill the conditions of this registration. This data must be conducted in accordance with established protocols and submitted to the Agency for review by June 24, 2010.
- a. Inhalation exposure from open mixing/loading wettable powders and inhalation exposure from wood preservative clean-up activities in pressure treatment plants triggers the requirement of a confirmatory inhalation toxicological study (GDLN 870.3465).
  - b. Confirmatory wood wipe study (GDLN 875.2300) is required to determine the surface residues of triadimefon over time and to provide adequate residue data, to verify the bounding estimate and to refine the risk assessment.
  - c. A joint study for Storage Stability and Corrosion Characteristics is on going. Submit the study upon completion.

Please note the Agency is moving away from review of paper submitted registration applications to electronic review of applications. Therefore, we need your help to make this an efficient and convenient process for both you and the Antimicrobials Division. Future labeling amendments may be accomplished by submitting a copy of the electronic label. Refer to the following website for guidance on electronic submissions, including label:  
<http://www.epa.gov/pesticides/regulating/registering/submissions/index.htm>.

If you have any questions concerning electronic label submissions, please refer to the above website for a list of contact personnel for more information.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped label with comments is enclosed for your records. Submit one (1) copy of your final printed labeling prior to release of this product for shipment. Should you have any questions concerning this letter, please contact me by telephone at (703) 308-6415 or email address at: [lantz.tracy@epa.gov](mailto:lantz.tracy@epa.gov), or Renae Whitaker telephone at (703) 308-7003 or email address at: [whitaker.renae@epa.gov](mailto:whitaker.renae@epa.gov) during the hours of 8:00 am to 3:30 pm EST.

Sincerely,

Tracy Lantz  
(Acting) Product Manager 34  
Regulatory Management Branch II  
Antimicrobials Division (7510P)

# PREVENTOL® A 20

FOR USE IN THE MANUFACTURE OF FUNGICIDES IN AQUEOUS AND SOLVENT SYSTEMS TO PROTECT WOOD COMPOSITE PRODUCTS AND WOOD PRODUCTS INTENDED FOR ABOVE GROUND AND IN-GROUND CONTACT

ACTIVE INGREDIENTS:	Tebuconazole, $\alpha$ -[2-(4-Chlorophenyl)-ethyl- $\alpha$ -(1,1-dimethylethyl)-1H-1,2,4-triazole-1-ethanol	-----47.69%
	Triadimefon, 1-(4-Chlorophenoxy)-3,3-dimethyl-1-(1H-1,2,4-triazol-1-yl)-2-butanone	-----48.85%
INERT INGREDIENTS	-----	3.46%
TOTAL	-----	100.0%

## KEEP OUT OF REACH OF CHILDREN CAUTION

### PRECAUTIONARY STATEMENTS

#### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Causes moderate eye irritation. Harmful if swallowed. Avoid contact with eyes skin or clothing. Wear protective eyewear (goggles or face shield). Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling and before and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash separately before reuse.

#### FIRST AID

**IF IN EYES:** Hold eyes open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.

**IF SWALLOWED:** Call a poison control center or doctor for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

**IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

**IF ON SKIN:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment.

**Note to Physician:** No specific antidote. Treat symptomatically. The compound does not cause any definite symptoms that would be diagnostic. Poisoning may be accompanied by hyperactivity followed by sedation.

For emergency information on this product, call the National Pesticides Information Center at 1-800-858-7378, 6:30 AM – 4:30 PM Pacific Time (PT), seven days a week. During other times, call the poison control center 1-800-222-1222.

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Formulators are responsible for obtaining their own EPA Registration No. and developing the data required to support their registrations. PREVENTOL® A 20 is intended for use in the formulation of fungicides in aqueous and solvent systems to protect wood composite products and wood products intended for above ground and in-ground contact. Wood treated with PREVENTOL® A 20 must not be used in aquatic applications such as dock pilings.

### STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

**PESTICIDE STORAGE:** Store in a cool, dry place and in such a manner as to prevent cross contamination with other pesticides, fertilizers, food, and feed. Store in original container and out of the reach of children, preferably in a locked storage area.

Handle and open container in a manner as to prevent spillage. If the container is leaking or material is spilled for any reason or cause, carefully sweep the material into a pile. Refer to Precautionary Statements on label for hazards associated with the handling of this material. Do not walk through spilled material. Dispose of pesticide as directed below. In spill or leak incidents, keep unauthorized people away.

**RESTRICTIONS:** Do not package PREVENTOL® A 20 in metal containers.

**PESTICIDE DISPOSAL:** Pesticide wastes are toxic. Improper disposal of excess pesticide or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**CONTAINER DISPOSAL:** Do not use container in connection with food, feed, or drinking water. Completely empty container into the processing equipment. Then dispose of empty container in a sanitary landfill or by incineration, or if allowed by State and local authorities, by burning. If burned, stay out of smoke.

PREVENTOL® is a registered trademark of LANXESS Deutschland GmbH.

### ENVIRONMENTAL HAZARDS

This pesticide is toxic to estuarine invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to the discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.
