Subject: Preventol S600-L
EPA Registration Number 39967-73
Your Notification Dated October 22nd, 2008
EPA Received Date October 24th, 2008

The notification referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, FIFRA, as amended, to add the registration number and the following precautionary statement; "Prolonged or frequently repeated skin contact may cause allergic reaction in some individuals" to the product labeling, is acceptable.

The notification has been made part of the file.

If you have questions concerning this letter, please contact Karen M. Leavy at (703)-308-6237.

Sincerely,

A handwritten signature in cursive script, appearing to read "M Swindell".

**RE: Updated label for Preventol S600-L
EPA Registration Number 39967-73**

Attached you will find three (3) copies of our corrected label for Preventol S600-L.

The EPA registration number has been added along with the precautionary labeling: "Prolonged or frequently repeated skin contact may cause allergic reaction in some individuals."

Please let me know if there is anything further that you need.

Sincerely,

Jeanne Spiegel
Regulatory Affairs Representative

Preventol S600-L

INDUSTRIAL MICROBIOCIDES

PRESERVATIVE FOR THE LEATHER INDUSTRY, FOR THE PROTECTION OF CHROME OR VEGETABLE TANNED LEATHER, AND ENVIRONMENTAL FUNGUS CONTROL

ACTIVE INGREDIENTS 2-n-Octyl-4-isothiazolin-3-one	0.30%
OTHER INGREDIENTS	99.70%
TOTAL	100.0%

CAUTION! KEEP OUT OF REACH OF CHILDREN

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION! Causes moderate eye irritation. Harmful if swallowed, inhaled or absorbed through skin. Avoid contact with eyes, skin or clothing. Avoid breathing spray mist. Wear protector eyewear such as goggles or face shield. Wash thoroughly with soap and water after handling and before eating, drinking and chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or when going in for treatment.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and wildlife. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA. Do not contaminate water by cleaning of equipment or disposal of waste. Apply this pesticide only as specified on this label.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

POST PROCESS APPLICATION FOR LEATHER

Prior to shipping the stack of hides should be sprayed with a solution of Preventol S600-L to prevent the formation of mold. The product should be applied via a garden sprayer and applied at a distance of 24 to 36 inches from the contact point. Wrap the stack of hides in plastic prior to storage to prevent drying out. Preventol S600-L should be diluted to the following solution strength prior to use:

Mixture Proportions: (parts by wt)	600 ppm of Active Ingredient
Preventol S600-L	190 ml
Water	810 ml

Or Mix 1 gallon of Preventol S600-L with 4.3 gallons of water.

ENVIRONMENTAL FUNGAL CONTROL

Apply Preventol S600-L for general control of mold spores in tannery environment to include exposed wood, concrete floors and walls. Use a garden sprayer positioned 24 to 36 inches from the desired contact point. The Preventol S600-L should be diluted to the following strength prior to use:

Mixture Proportions: (parts by wt)	<450 ppm of Active Ingredient
Preventol S600-L	166 ml
Water	834 ml

Or Mix 1 gallon of Preventol S600-L with 5 gallons of water.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to the label instructions, contact your State Pesticide Environmental Control Agency, or the Hazardous Waste representative at the nearest U.S. Regional Office for guidance.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or burn if allowed by State and Local authorities. If burned, stay out of smoke.

Handle and open container in a manner as to prevent spillage. If the container is leaking, invert to prevent leakage. If the container is leaking or material is spilled for any reason or cause, carefully dam up spilled material to prevent runoff. Refer to Precautionary Statements on label for hazards associated with the handling of this material. Do not walk through spilled material. Absorb spilled material with absorbing type compounds and dispose of as directed above.
