FLY & MOSQUITO SPRAY

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS**

CAUTION

Foods should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. When using the product in these areas, apply only when the facility is not in operation. Remove pets, birds, and cover fish aquariums before spraying. Keep spray in constant motion at least 30 inches away from walls, fabrics, furniture, floor, plastics etc. Spraying closer may cause stains or may damage certain floors or plastics.

PHYSICAL OR CHEMICAL HAZARDS

Contents Under Pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. **SHAKE WELL BEFORE USING.** Avoid freezing. Keep upright while spraying.
FOR USE IN: Hospitals, Industry, Schools, Cafeterias, Kitchens, Washrooms, Locker and Utility Rooms, Restaurants, Barberies, Dairies, Canneries, Food Processing Plants, Stores, Bottling Plants, Food Markets, Taverns, Hotels, Motels, Nursing Homes, Factory Closets.
FOR KILLING FLIES, MOSQUITOES, GNATS, WASPS: **INDOORS:** Close all doors and windows and direct spray upward into center of room with a slow sweeping motion. Fill room with a mist, keeping about 3 feet away from interior walls, fabrics, furniture and plants. Keep room closed 15 minutes. Do not remain in treated areas. Ventilate the area after treatment is completed. Sweep up and destroy fallen insects. Repeat treatment as necessary. **OUTDOORS:** To reduce the annoyance of flies, mosquitoes, and gnats. When wind is not present, use spray with slow sweeping motion while standing in center of area. If breeze is present, spray with wind from edge of infested area and let spray drift over desired area. Keep spray about 3 feet from all shrubbery. Do not wet foliage. Frequent reapplication may be necessary to kill additional insects which may drift into the treated area. Spray hiding and breeding places contacting as many insects as possible.
FOR KILLING ROACHES, WATERBUGS, SILVERFISH, CRICKETS, SPIDERS, CENTIPEDES: Spray baseboards, cracks, crevices, moist areas and openings around sinks and pipes and other hiding places. Kill insects directly. Repeat as necessary for control.
FOR KILLING ANTS: Spray trails, hills, around windows and openings around pipes and baseboards where ants crawl, killing as many as possible.
FOR KILLING BEDBUGS: Spray baseboards, moldings and floor boards. Spray mattresses particularly around seams and tufts. Thoroughly dry mattresses before reuse. Take beds apart and spray into all joints. Repeat spraying at frequent intervals.
FOR KILLING FLEAS: Spray floors, floor coverings and sleeping quarters for pet. Repeat spraying as often as necessary. Do Not Spray Pets.

DISPOSAL: Do not reuse empty container. Wrap container and put in trash collection.
