Dear Mr. Williams:

Subject: Amendment - Label Change
Lindane Technical
EPA Registration No. 40083-1
Your Application Dated September 6, 1983

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. A stamped copy is enclosed for your records.

Prior to marketing this product with revised labels submitted September 6, 1983, please make the following format revisions:

- Add "Directions for use" and "It is a violation of Federal law to use this product in a manner inconsistent with its labeling." Also, move "This pesticide may be used only..." to this location. For your convenience I have enclosed an example label to aid you with label format.
- The "Lindane" statement in the statement of active ingredients should be revised to Lindane (Gamma Isomer of Benzene Hexachloride).
- In order for your label storage and disposal statement to be in compliance with PP Notice 83-3 it must be revised according to the following examples:

Storage and Disposal:

Do not contaminate water, food and feed in storage or disposal.

Storage: This product should be kept in locked storage under good, dry conditions.

Pesticide disposal:

Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinseate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container disposal:

Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

Sincerely yours,
