

Lindane TECHNICAL

An Insecticide for Formulating Use Only

ACTIVE INGREDIENT:

Lindane (Gamma Isomer of Benzene Hexachloride) 99.5 %

INERT INGREDIENTS 0.5 %

CAUTION
KEEP OUT OF REACH OF CHILDREN

FIRST AID

(Halogenated Insecticide)

If swallowed Call a physician or Poison Control Center immediately. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Repeat until vomit fluid is clear. Do not induce vomiting or give anything by mouth to an unconscious or convulsing person.

If inhaled Remove victim to fresh air. If not breathing then give artificial respiration.

If on skin Wash promptly with plenty of soap and water. Get medical attention.

If in eyes Rinse eyes with plenty of water. Get medical attention if irritation persists.

HOT LINE NUMBER

(Halogenated Insecticide)

Have the product container, MSDS or label with you when calling a poison control center or doctor, or going for treatment. You may also contact the National Poison Control Hotline 1-800-222-1222 for emergency medical treatment information.

NOTE TO PHYSICIAN

More information about First Aid can be found in the Material Safety Data Sheet (MSDS) and in the EPA web page:

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

WARNING

May be fatal if swallowed or absorbed through skin. Harmful if inhaled. May produce irritation of skin or eyes. Do not get in or on skin or on clothing. Avoid breathing dust or vapors. Wash thoroughly with soap and eyes. Do not get in eyes, on skin or on clothing. Avoid breathing dust or vapors. Wash thoroughly with soap and water after handling and before eating or smoking. Wear protective clothing and rubber gloves. Remove contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish, birds, and other wildlife. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the sewage treatment plant authority. For Guidance contact your State Water Board or Regional Office of the USEPA.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labelling.

This pesticide may be used only for formulation into an insecticide for the following uses: seed treatment for barley, corn, oats, rye, sorghum, and wheat with dusts (D), emulsifiable concentrates (EC), flowable concentrates (FC), and liquid ready-to-use (RTU) formulations.

Dust formulations made from this MUP are for on-farm treatment of corn and sorghum seeds only.

Liquid formulations made from this MUP are for commercial or on-farm seed treatment for barley, wheat, corn, oats, rye, and sorghum with a closed transfer system only.

This product may be used to formulate products for any additional use(s) not listed on the MP label if the formulator, user group, or grower has complied with U.S. EPA submission requirements regarding support of such use(s). Formulators using this product are responsible for obtaining EPA registrations for their formulated products. Refer to the Technical Bulletin for formulating and other information.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Storage: If container is damaged: Stop any leaks by repositioning the container or otherwise repairing the leaks. Take care to avoid contact with pesticide and wear protective equipment as required to prevent contact with product or its vapors. Sweep on to a shovel and put the sweepings into a salvage drum. Dispose of wastes as below.

Pesticide Disposal: Pesticide wastes are toxic. Improper disposal of excess pesticide or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label directions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Disposal: Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Then dispose of liner in a sanitary landfill or by incineration if allowed by State and local authorities. If drum is contaminated and cannot be reused dispose of drum in the same manner.

CONDITIONS OF SALE, WARRANTY, LIMITATION OF LIABILITY

INQUINOSA International SA warrants that this product conforms to the chemical description on the label and is reasonably fit for purposes described on the label. INQUINOSA International SA makes no other express or implied warranty including any warranty of fitness or merchantability. In no case shall INQUINOSA International SA or the seller be liable for consequential special, or indirect damages such as loss of profits or values resulting from the misuse or improper handling of this product.
