Chicago, Illinois 60631

Subject: Registration Review Label Mitigation for Permethrin and Tetramethrin
Product Name: KIBOSH WASP, HORNET, BEE, & YELLOW JACKET
KILLER
EPA Registration Number: 40208-7
Application Date: 4/15/2021
Case: 715407; 477707

Dear Cheryl McHugh:

The Agency, in accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, has completed reviewing all the information submitted with your application to support the Registration Review of the above referenced product in connection with the Permethrin and Tetramethrin Interim Decisions and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 12 months from the date of this letter. After 12 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

If you have any questions about this letter, please contact Christian Bongard by phone at 202-566-2248, or via email at Bongard.Christian@epa.gov.

Sincerely,

A handwritten signature in black ink that reads "Jaclyn Pyne". The signature is written in a cursive, flowing style.

KIBOSH

Wasp, Hornet, Bee & Yellow Jacket Killer

- KILLS WASPS, HORNETS, BEES & YELLOW JACKETS ON CONTACT
- INSTANT KNOCKDOWN
- JET SPRAY – WILL REACH NESTS UP TO 20 FEET ABOVE GROUND
- ELECTRICALLY NON-CONDUCTING – DIELECTRIC BREAKDOWN VOLTAGE OF 47,300 VOLTS
- PREVENTS NESTING – KILLS WITH RESIDUAL ACTION AS WASPS & HORNETS RETURN TO NEST
- KILLS NEST AND INSECTS WITH RESIDUAL ACTION
- CONTAINS PERMETHRIN AND TETRAMETHRIN SYNERGISED WITH SYNERGIST PIPERONYL BUTOXIDE
- QUICK KILL
- KILLS FAST
- SPRAYS UP TO 20 FEET
- DROPS WASPS, HORNETS, BEES & YELLOW JACKETS INSTANTLY
- CONTAINS NO CFC'S OR OTHER OZONE DEPLETING SUBSTANCES. FEDERAL REGULATIONS PROHIBIT CFC PROPELLANTS IN AEROSOLS.
- KILLS THE ENTIRE NEST
- ACTS AS A BARRIER THAT PREVENTS INSECTS FROM ENTERING THE BUILDING

ACTIVE INGREDIENTS:

Tetramethrin	0.10%
Permethrin	0.25%
Piperonyl Butoxide	0.50%
OTHER INGREDIENTS†:	99.15%
	100.00%

† Contains Petroleum Distillates.

EPA REG. NO. 40208-7

EPA EST. NO.

KEEP OUT OF REACH OF CHILDREN

CAUTION

See back panel for additional precautions.

NET CONTENTS:

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Read Entire Label.

For best results, spray in early morning or late evening when insect activity is minimal. Stand a safe distance from nest and not directly underneath. Remove protective cap. Hold can upright and point spray opening toward nest with wind at your back. Spray until nest is thoroughly saturated to kill the entire nest population. Residual action will kill wasps and hornets returning to the nest. Wait at least 24 hours before removing the nest.

To kill **wasps**, **hornets**, **bees**, and **yellow jackets** under eaves, screens, window frames, doors, patios, cracks, holes, or crevices wherever insects are noticed, spray for about 1-2 seconds or until surfaces are moist. To prevent entrance of insects into the building, spray around points where insects enter outside plumbing, faucets, and cracks or crevices in foundation as well as along sills and ledges. All outdoor applications must be limited to spot or crack-and-crevice treatments only. Spot treatments must not exceed two square feet in size (for example, 2 ft. by 1 ft. or 4 ft. by 0.5 ft.) Do not apply more than 1 time per day. Do not water the treated area to the point of run-off. Do not make applications during rain. Avoid making applications when rainfall is expected before the product has sufficient time to dry (minimum 4 hours). Rainfall within 24 hours after application may cause unintended runoff of pesticide application. Treat surfaces to ensure thorough coverage but avoid runoff. To treat insects harbored in voids and cracks-and-crevices, applications must be made in such a manner to limit dripping and avoid runoff onto untreated structural surfaces and plants.

For outdoor use only

Restrictions

Do not spray the product into fish pools, ponds, streams or lakes. Do not apply directly into sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application. Do not apply directly to impervious horizontal surfaces such as

sidewalks, driveways, or patios except as a spot or crack-and-crevice treatment.

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. Do not enter or allow others to enter until sprays have dried.

If used in outdoor food contact or food serving areas: Do not apply when food is present. Do not use in food areas of food handling establishments, restaurants, or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where prepared foods are served, such as dining rooms, but excluding areas where foods may be prepared or held. Remove or cover exposed food and drinking water before application. Remove or cover dishes, utensils, food processing equipment, and food preparation surfaces, or wash them before use. Not for use in Federally inspected meat and poultry plants.

Do not apply to pets or contaminate feed. Do not spray vegetation directly to prevent damage to foliage. If spray accidentally contacts foliage, immediately wash with water. This product may discolor exterior surfaces of building, structures and painted surfaces and may cause staining (darkening) of asphalt surfaces and shingles. Test product in an inconspicuous area before applying.

STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Storage: Do not store near heat or open flame. Store in cool dry area away from children.

Disposal: Follow proper disposal procedures on this label.

Siga las indicaciones del etiquetado para el desecho apropiado del producto.

Do Not Puncture or Incinerate!

Do not pour or dispose down-the-drain or sewer. Call your local solid waste Agency for local disposal options.

If empty: Offer for recycling if available.

CAUTIONARY STATEMENTS Hazards To Humans & Domestic Animals

CAUTION

Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

HOTLINE NUMBER: Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also call (888) 426-4851 for emergency medical treatment information.

NOTE TO PHYSICIAN: Contains petroleum distillate. May pose an aspiration pneumonia hazard.

Personal Protective Equipment (PPE)

Some materials that are chemical-resistant to this product are Nitrile rubber (>14 mils), or Neoprene rubber (>14 mils). Applicators and other handlers must wear:

- Long-sleeve shirt and long pants
- Shoes plus socks, and
- Chemical-resistant Gloves

USER SAFETY RECOMMENDATIONS

Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Users should remove clothing/PPE immediately if pesticide gets inside, then wash thoroughly and put on clean clothing. Users should remove PPE immediately after handling

this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing. Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry. Discard clothing and other absorbent material that have been drenched or heavily contaminated with the product's concentrate. Do not reuse them.

You can recycle this steel container in an increasing number of communities.

ENVIRONMENTAL HAZARDS

This pesticide is extremely toxic to aquatic organisms, including fish and invertebrates. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not apply when weather conditions favor drift from treated areas. Drift and runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. Do not contaminate water when disposing of equipment wash waters.

This pesticide is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.

Physical or Chemical Hazards

Flammable. Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.

Do not allow to enter indoor or outdoor drains.
No permita la entrada a desagües internos o externos.
