

NOTICE OF PESTICIDE

Federal Insecticide, Fungicide, and Rodenticide Act

NAME AND ADDRESS OF REGISTRANT (Include ZIP Code)

NOTE: Changes in labeling or a change in substance that are accepted in connection with this registration must be submitted and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the A/C or U.S. EPA registration numbers.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/ Reregistration is returned herewith.

Registration and/or reregistration of this pesticide is subject to the approval of this Agency. In order to protect health and the environment, the Administrator, on his own initiative, may at any time suspend or cancel the registration of a pesticide which does not comply with the Act. The acceptance of any name in connection with the registration of a product under this Act does not constitute a warranty that a right to use has been secured if the name or its use has been covered elsewhere.

- c. The ENVIRONMENTAL HAZARDS statement should read "This product is toxic to fish. Do not apply directly to any body of water."
- d. Alter the statement under the STORAGE AND DISPOSAL section to read "Do not use or store near heat or open flame" while maintaining the additional text.

3. The confidential statement of Formula is not correctly filled out. The figures in column 13(a) should represent typical (nominal) concentrations in a batch. The total batch weight should appear in box 17. Add the grams designation in this column and the respective percentages in column 13b. Describe upper and lower limits for each component of the formulation in columns 14a and 14b.

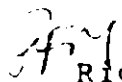

4. Submit one (1) copy of the revised final printed label for the record.

The current inventory of silk-screened bottles may be distributed for one year from the date of this registration notice. After that date, you must use revised text, including the new ingredient statement and registration number, for any stocks entering commerce.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(a). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

Richard F. Mountfort
Product Manager 10
Insecticide & Rodenticide Branch
Registration Division (H7505C)
