UNITED STATES ENVIRONMENTAL PROTECTION AGENCY WASHINGTON, D.C. 20460

> OFFICE OF PREVENTION, PESTICIDES AND TOXIC SUBSTANCES

July 19, 2010

Ms. Sharon M. Johnston Entech Systems Corporation 607 Maria Street Kenner, LA 70062

### Subject: Label Notification(s) for Pesticide Registration Notice 2007-4 Amending the Storage and Disposal Language

Dear Ms. Johnston:

The Agency is in receipt of your Application(s) for Pesticide Notification under Pesticide Registration Notice PRN 2007-4 dated June 9, 2010 for the following product(s):

Auto Fog-5

EPA Reg. No. 40391-5

The Registration Division (RD) has conducted a review of this request for applicability under PRN 2007-4 and finds that the label change(s) requested falls within the scope of PRN 98-10. The label has been date-stamped "Notification" and will be placed in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on <u>nonrefillable</u> containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably marked on the container itself.

If you have any questions, please contact Regina Foushee'-Smith at 703-605-0780.

Sincerely, i har f. Cel

Richard J. Gebken Product Manager Insecticide Branch Registration Division (7505P)

#### PRECAUTIONARY STATEMENTS Hazards to Humans and Domestic Animals

zards to Humans and Domestic Animals

CAUTION

Harmful if swallowed or inhaled. Avoid breathing spray mist. Wear mask or dust/mist filtering respirator (MSHA/NIOSH approval number prefix TC-21C or a NIOSH-approved respirator with any R, P or HE filter. Avoid contact with skin, eyes or clothing. Thoroughly wash skin with soap and water after handling.

	First Aid
If Swallowed	Immediately call a poison control center or doctor.
	Do not induce vomiting unless told to do so by a poison control center or doctor.
	Do not give any liquid to the person.
	Do not give anything by mouth to an unconscious person.
If Inhaled	Move person to fresh air.
	• If person is not breathing call 911 or an ambulance then give artificial respiration, preferably
	mouth-to-mouth, if possible.
	Call a poison control center or doctor for further treatment advice.
lf on Skin	Take off contaminated clothing.
or Clothing	Immediately rinse skin with plenty of water for 15-20 minutes.
	<ul> <li>Call a poison control center or doctor for treatment advice.</li> </ul>
If in Eyes	Hold eye open and rinse slowly and gently with water for 15-20 minutes.
	Remove contact lenses, if present, after the first 5 minutes then continue rinsing eye.
	Call a poison control center or doctor for treatment advice.
Note to Physic	ian: Contains petroleum distillate – vomiting may cause aspiration pneumonia.
Have the produ	ct container or label with you when calling a poison control center or doctor or going for treatment. [You
may also call 1	800-{appropriate number} for emergency medical treatment advice.]

{The first aid statements' grid format will be used if market label space permits; otherwise a paragraph format will be used.}

#### **Physical or Chemical Hazards**

Keep container closed. Do not pour, use, spill or store near heat or open flame.

#### **DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

#### General

Application is prohibited directly into sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.

Do not remain in treated areas. Thoroughly ventilate treated areas before re-entry. Remove pets, birds and cover fish aquariums before spraying. Clean up and destroy fallen insects. Auto Fog-5 may be used as a pesticide for use in all areas of official establishments operating under the Federal meat, poultry, shell egg grading and egg products inspection programs.

Do not apply directly to food. In commercial food handling facilities, cover or remove any food and food processing equipment during application. Do not apply while food processing is under way. After space spraying in meat packing plants, bakeries and other food processing plants, thoroughly wash before reuse all equipment, benches, shelves, etc., where food will be handled with an effective cleaning compound followed by a potable water rinse. In the home, cover during treatment or thoroughly wash before reuse, all food processing surfaces and utensils.

In hospitals, remove patients from rooms prior to treatment and ventilate rooms for 2 hours after spraying. Do not return patients to room until after ventilation.

#### Indoor Spray

For control of flies, mosquitoes and gnats in homes, hospitals, food establishments, farm buildings and warehouses. Close all windows and stop all ventilators. Extinguish pilot lights. Allow only fine mist or "dry" fog to contact fabric or surfaces that might be affected by the oil base. Direct fine mist or fog upward toward the center of the room and around the sides until the area is filled with fog or mist particles. Keep area closed for 10 to 15 minutes.

Contact and spray to kill cockroaches, confused flour and sawtoothed grain beetles, centipedes, earwigs, grain mites, sowbugs and spiders in sheltered situations. Adjust spraying device to deliver a coarse wet spray. Apply as a contact spray to hit as many insects as possible underneath refrigerators and around pallets, and in most areas around sinks and pipes. Apply to storage areas, baseboards and the inside surfaces of boxcars and trucks at a rate of 1 gallon to 1,000 sq. ft. Apply into cracks and crevices, in points between equipment and floors, equipment legs and bases, conduits, motor housings and junction or switch boxes. Prior to application, de-energize equipment. After application, allow time for oil to evaporate before starting motors or placing switches in "on" position. Apply as a space spray at the rate of 1 fl. oz. per 1,000 cu. ft. of room space. Repeat dosage as necessary for control. Leave the treated area closed for 1 hour.

#### Storage and Disposal

Do not contaminate water, food or feed by storage or disposal.

Storage: Store in original sealed container in a cool, dry area.

. . . .

**Pesticide Disposal:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal: <u>Non-retillable container</u> <u>Do not reuse for retill this container</u> <u>Offer for recycling if available</u>. Triple rinse or equivalent then offer for recycling or reconditioning, or puncture and dispose of in a sanitary lardfill, or by other procedures approved by state and local authorities.
