

U.S. ENVIRONMENTAL PROTECTION
 AGENCY
 Office of Pesticide Programs
 Registration Division (7505P)
 1200 Pennsylvania Avenue, N.W.
 Washington, D.C. 20460

EPA Reg.
 Number:
 40391-16

Date of
 Issuance:
 OCT 31 2012

Term of Issuance:
 Conditional

Name of Pesticide Product:
 Auto-FOG-ES

NOTICE OF PESTICIDE:
 Registration
 Reregistration

(Under FIFRA as amended)

Name and Address of Registrant (include ZIP Code):
 Entech Systems Corporation
 607 Maria Street
 Kenner, LA 70062

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A), provided that you:

1. You will submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. You will make the following label changes before you release the product for shipment:
 - a. Revise the EPA Registration Number to read "EPA Registration Number 40391-16".

Signature of Approving Official:
 Refer to page #3.
 Richard Gebken, Product Manager (10)

Date:
 OCT 31 2012

EPA Registration No. 40391-16

b. Under Hazards to Humans and Domestic Animals add "Contains Petroleum Distillates" after Caution.

c. Under Hazards to Humans and Domestic Animals add "Remove and wash contaminated clothing before reuse." after "Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco".

d. Replace the Environmental Hazards section that begins with "This product is toxic... for additional precautions and requirements." with "This product is toxic to fish and other wildlife. To protect the environment do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface water. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treated area. Rinsing application equipment over the treated area will help avoid run off to water bodies or drainage systems."

e. Add the following disposal directions under the Storage and disposal section.

Containers ≤5 gallons:

Triple rinse as follows: Emptying the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill container ¼ full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Then offer for recycling if available or puncture and dispose on in a sanitary landfill or by other approved State or Local procedures.

Container > 5 gallons:

Triple rinse as follows: Empty the remaining contents into application or mix tank. Fill container ¼ full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times. Then offer for recycling if available or puncture and dispose on in a sanitary landfill or by other approved State or Local procedures.

3. Per 40 CFR 156.10(6), submit one copy of your final printed labeling before you release the product for shipment. As defined in 40 CFR 152.3, "final printed labeling" means the "label or labeling of the product when distributed or sold." Clearly legible reproductions or photo reductions will be accepted for unusual labels. Note that a clean copy of the master label in most cases does not meet the definition of final printed labeling. A stamped copy of the label is enclosed for your records.

If you have any questions regarding this action, please contact Linda A. DeLuise of my team at (703) 305-5428.

Sincerely yours,

Richard Gebken

ACCEL... EL
with COMMENTS
In EPA Letter Dated:
 OCT 31 2012

Under the Federal Insecticide,
 Fungicide, and Rodenticide Act,
 as amended, for the pesticide
 registered under EPA Reg. No.
40391-16

FIRST AID	
If Swallowed:	<ul style="list-style-type: none"> • Call a poison control center or doctor immediately for treatment advice. • Do not induce vomiting unless told to do so by a poison control center or doctor. • Do not give any liquid to the person. • Do not give anything by mouth to an unconscious person.
If in Eyes:	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.
If on Skin or Clothing:	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
HOT LINE NUMBER	
Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact the poison control center at 1-800-222-1222 for emergency medical treatment information.	
NOTE TO PHYSICIAN	
Contains petroleum distillate - vomiting may cause aspiration pneumonia.	

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. When applying dilution indoors as a space spray or fog, wear a full face gas mask with canister of a type recommended for general pesticide protection.

ENVIRONMENTAL HAZARDS

This product is toxic to aquatic organisms, including fish and invertebrates. Do not contaminate water when disposing of equipment washwater or rinsate. See Directions for Use for additional precautions and requirements.

[for containers 5 gallons or greater]

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollution Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

PHYSICAL OR CHEMICAL HAZARDS

DO NOT use or store near heat or open flame.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

All food and food processing surfaces must be covered or removed during application or thoroughly washed before reuse.

DO NOT use in and around residential sites

DO NOT apply directly to food.

DO NOT apply when food-processing facility is in operation or foods are present.

DO NOT apply this product to surfaces or utensils that may come into contact with food.

DO NOT treat areas when occupants are present

DO NOT treat establishments where livestock feed is present.

DO NOT apply to institutions (including libraries, sport venues, etc.) in the immediate area when occupants are present.

DO NOT apply directly to sewers or drains or to any area like a gutter where drainage to sewers, storm drains, water bodies or aquatic habitat can occur, except as directed by this label. DO NOT spray plants to be used for food or feed.

DO NOT allow children or pets to contact treated surfaces until dry.

After space spraying, DO NOT remain in treated area after treatment. Ventilate area thoroughly before re-entry

For Tank Mix

This product can be mixed with an EPA registered product such as pyrethrins or with an insect growth regulator that is approved for use in food handling establishments. Application must conform to the use directions and precautions of both products. Prior to tank mixing, a small jar compatibility test should be conducted using the proper proportions of each product and oil to ensure the physical compatibility of the mixture. Tank mix applications must be made in accordance with the more restrictive of label limitations and precautions. No label application rates may be exceeded. This product cannot be mixed with any product with label prohibitions against such mixing. Before using as a tank mix, read all product labels carefully and follow directions for use. Do not tank mix with products which are not approved for such uses and use sites.

FOR INDOOR USE:

Apply as a space-spray insecticide to control pests in commercial food and non-food areas of non-residential food service and handling establishments. These include but not limited to: bakeries, restaurants, grocery stores, food manufacturing and processing establishments, and food warehouses. Refer to chart below for application rates.

Food Areas include: receiving, storage, bottling, canning, packing, boxing, wrapping, preparing, edible waste storage and enclosed processing systems, dairies and mills.

Serving Areas are places where prepared foods are served, such as restaurants, dining rooms, but excluding areas where foods may be prepared or staged.

Non-food areas include: offices, vestibules and entries, garbage rooms, garages, storage areas for bottles or canned items, lavatories, floor drains, boiler rooms, locker rooms, machine rooms, and closets.

Space Spray Application:

Close room and turn off all ventilating equipment such as fans and air conditioning. Apply at the recommended rate in the table below, using a reputable generator or mechanical aerosol fogger which creates a thirty (30) micron or less particle size.

Begin by directing spray into all cracks and crevices, behind all equipment, cupboards, furniture, cabinets, appliances, or any dark harborage areas, then treat as a space spray, directing the spray towards the high corners of the room and the ceiling. Keep areas closed for at least 30 minutes. Leave area immediately after treatment. Turn ventilations system back on and ventilate area thoroughly before re-entering.

Pests*	Usage Rate	Surface Area	NOTE:
Gnats, Houseflies, Mosquitoes, and Small Flying Moths	Direct spray one (1) fluid ounce product <u>undiluted</u> at the maximum level of active ingredient (0.25%).		
Angoumois Grain Moth, Cadelle, Cigarette Beetle, Cockroaches, Confused Flour Beetle, Grain Mites, Indian Meal Moth, Mediterranean Flour Moth, Rice Weevil (Adult and Accessible Forms) Saw toothed Grain Beetle, Yellow Meal Worm	Spray one (1) fluid ounce using a mechanical aerosol fogger product <u>undiluted</u> at the maximum level of active ingredient (0.25%).	1000 ft ³ (33' x 30') of space	DO NOT repeat application more than once every three (3) days.

*Adult and accessible stages

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Store in a cool, dry place. Keep container tightly closed.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

PESTICIDE DISPOSAL & CONTAINER HANDLING:

Non-refillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available or reconditioning if appropriate, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

IMPORTANT: READ BEFORE USE

To the extent consistent with applicable law, buyer assumes all risks of use, storage or handling of this material not in strict accordance with the directions given herewith.
