DEC 27 2012

Dear Ms. Johnston:

Subject: Application for Pesticide Notification (PRN 98-10)  
Revise Storage & Disposal text for RTU formulation  
Auto Fog-ES  
EPA Reg. No. 40391-16  
Your submission dated November 8, 2012

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 dated November 8, 2012 for the above product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds the action requested falls within the scope of PRN 98-10. The label submitted with the application has been stamped "Notification" and will be placed in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on nonrefillable containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably marked on the container itself.

If you have any questions regarding this letter, please contact Dana Pilitt, Ph.D. of my staff at (703) 305-7071 or via e-mail at [pilitt.dana@epa.gov](mailto:pilitt.dana@epa.gov).

Sincerely,  
  
Richard Gebken  
Product Manager 10

SUBJECT: APPLICATION FOR PESTICIDE PRODUCT AMENDMENT – NON-PRIA ACTION  
Entech Systems Corporation  
Auto Fog-ES; EPA Reg. No.: 40391-16

Dear Ms. DeLuise:

Enclosed, please find 5 copies of revised labeling for the above-subject product. I have also included one copy marked to show all changes.

This is a ready-to-use formulation with no directions for diluting prior to use. Therefore, we are deleting the rinsing instructions from the Storage & Disposal section.

Please contact me at (636) 942-2583 if you have any questions regarding this submission. We look forward to a quick approval of this application.

Sincerely,

Sharon M. Johnston  
Regulatory Consultant  
Agent for Entech Systems Corporation

<b>FIRST AID</b>	
<b>If Swallowed:</b>	<ul style="list-style-type: none"> <li>• Call a poison control center or doctor immediately for treatment advice.</li> <li>• Do not induce vomiting unless told to do so by a poison control center or doctor.</li> <li>• Do not give any liquid to the person.</li> <li>• Do not give anything by mouth to an unconscious person.</li> </ul>
<b>If in Eyes:</b>	<ul style="list-style-type: none"> <li>• Hold eye open and rinse slowly and gently with water for 15-20 minutes.</li> <li>• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.</li> <li>• Call a poison control center or doctor for treatment advice.</li> </ul>
<b>If on Skin or Clothing:</b>	<ul style="list-style-type: none"> <li>• Take off contaminated clothing.</li> <li>• Rinse skin immediately with plenty of water for 15-20 minutes.</li> <li>• Call a poison control center or doctor for treatment advice.</li> </ul>
<b>HOT LINE NUMBER</b>	
Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact the poison control center at 1-800-222-1222 for emergency medical treatment information.	
<b>NOTE TO PHYSICIAN</b>	
Contains petroleum distillate - vomiting may cause aspiration pneumonia.	

### PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**CAUTION:** Contain petroleum distillates. Harmful if swallowed. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse. When applying dilution indoors as a space spray or fog, wear a full face gas mask with canister of a type recommended for general pesticide protection.

### ENVIRONMENTAL HAZARDS

This product is toxic to fish and other wildlife. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface water. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treated area. Rinsing application equipment over the treated area will help avoid run off to water bodies or drainage systems.

[for containers 5 gallons or greater].

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollution Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

### PHYSICAL OR CHEMICAL HAZARDS

DO NOT use or store near heat or open flame.

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

All food and food processing surfaces must be covered or removed during application or thoroughly washed before reuse.

DO NOT use in and around residential sites

DO NOT apply directly to food.

DO NOT apply when food-processing facility is in operation or foods are present.

DO NOT apply this product to surfaces or utensils that may come into contact with food.

DO NOT treat areas when occupants are present

DO NOT treat establishments where livestock feed is present.

DO NOT apply to institutions (including libraries, sport venues, etc.) in the immediate area when occupants are present.

DO NOT apply directly to sewers or drains or to any area like a gutter where drainage to sewers, storm drains, water bodies or aquatic habitat can occur, except as directed by this label. DO NOT spray plants to be used for food or feed.

DO NOT allow children or pets to contact treated surfaces until dry.

After space spraying, DO NOT remain in treated area after treatment. Ventilate area thoroughly before re-entry

**For Tank Mix**

This product can be mixed with an EPA registered product such as pyrethrins or with an insect growth regulator that is approved for use in food handling establishments. Application must conform to the use directions and precautions of both products. Prior to tank mixing, a small jar compatibility test should be conducted using the proper proportions of each product and oil to ensure the physical compatibility of the mixture. Tank mix applications must be made in accordance with the more restrictive of label limitations and precautions. No label application rates may be exceeded. This product cannot be mixed with any product with label prohibitions against such mixing. Before using as a tank mix, read all product labels carefully and follow directions for use. Do not tank mix with products which are not approved for such uses and use sites.

**FOR INDOOR USE:**

Apply as a space-spray insecticide to control pests in commercial food and non-food areas of non-residential food service and handling establishments. These include but not limited to: bakeries, restaurants, grocery stores, food manufacturing and processing establishments, and food warehouses. Refer to chart below for application rates.

**Food Areas** include: receiving, storage, bottling, canning, packing, boxing, wrapping, preparing, edible waste storage and enclosed processing systems, dairies and mills.

**Serving Areas** are places where prepared foods are served, such as restaurants, dining rooms, but excluding areas where foods may be prepared or staged.

**Non-food areas** include: offices, vestibules and entries, garbage rooms, garages, storage areas for bottles or canned items, lavatories, floor drains, boiler rooms, locker rooms, machine rooms, and closets.

**Space Spray Application:**

Close room and turn off all ventilating equipment such as fans and air conditioning. Apply at the recommended rate in the table below, using a reputable generator or mechanical aerosol fogger which creates a thirty (30) micron or less particle size.

Begin by directing spray into all cracks and crevices, behind all equipment, cupboards, furniture, cabinets, appliances, or any dark harborage areas, then treat as a space spray, directing the spray towards the high corners of the room and the ceiling. Keep areas closed for at least 30 minutes. Leave area immediately after treatment. Turn ventilations system back on and ventilate area thoroughly before re-entering.

Pests*	Usage Rate	Surface Area	NOTE:
Gnats, Houseflies, Mosquitoes, and Small Flying Moths	Direct spray one (1) fluid ounce product <u>undiluted</u> at the maximum level of active ingredient (0.25%).		
Angoumois Grain Moth, Cadelle, Cigarette Beetle, Cockroaches, Confused Flour Beetle, Grain Mites, Indian Meal Moth, Mediterranean Flour Moth, Rice Weevil (Adult and Accessible Forms) Saw toothed Grain Beetle, Yellow Meal Worm	Spray one (1) fluid ounce using a mechanical aerosol fogger product <u>undiluted</u> at the maximum level of active ingredient (0.25%).	1000 ft <sup>3</sup> (33' x 30') of space	DO NOT repeat application more than once every three (3) days.

\*Adult and accessible stages

### STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

**STORAGE:** Store in a cool, dry place. Keep container tightly closed.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

#### PESTICIDE DISPOSAL & CONTAINER HANDLING:

Non-refillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available or reconditioning if appropriate, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

{Containers ≤ 5 gallons}

Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill container ¼ full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Then offer for recycling if available or puncture and dispose of in a sanitary landfill or by other approved State or Local procedures.

{Containers ≥ 5 gallons}

Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill container ¼ full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times. Then offer for recycling if available or puncture and dispose of in a sanitary landfill or by other approved State or Local procedures.

**IMPORTANT: READ BEFORE USE**

To the extent consistent with applicable law, buyer assumes all risks of use, storage or handling of this material not in strict accordance with the directions given herewith.
