P.O. Box 2226  
509 Tower Valley Drive  
Hillsboro, MO 63050

Subject: Label Amendment - Registration Review Mitigation for Esfenvalerate  
Product Name: AUTO FOG-ES  
EPA Registration Number: 40391-16  
Case Number: 480959  
Application Dates: January 25, 2021

Dear Sharon Johnston:

The Agency, in accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, has completed reviewing all the information submitted with your application to support the Registration Review of the above referenced product in connection with the Esfenvalerate Interim Decision, and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling and must be used at your next label printing. You must

submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 12 months from the date of this letter. After 12 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

If you have any questions about this letter, please contact Matthew Khan by phone at 202-566-2212, or via email at [khan.matthew@epa.gov](mailto:khan.matthew@epa.gov).

Sincerely,

A handwritten signature in blue ink that reads "Dana L. Friedman". The signature is written in a cursive style with a large initial "D".

Dana L. Friedman, Chief  
Risk Management and Implementation Branch 1  
Pesticide Re-Evaluation Division  
Office of Pesticide Programs  
U.S. Environmental Protection Agency

ENCLOSURE: Stamped label

### **PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION:** Contain petroleum distillates. Harmful if swallowed. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse. When applying indoors as a space spray or fog, wear a minimum of a NIOSH-approved particulate filtering facepiece respirator with an R or P filter; OR a NIOSH-approved elastomeric particulate respirator with any R or P filter; OR a NIOSH-approved powered air purifying respirator with HE filters.

### **ENVIRONMENTAL HAZARDS**

This product is toxic to fish and other wildlife. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface water.

{for containers 5 gallons or greater}

[Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollution Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.]

### **PHYSICAL OR CHEMICAL HAZARDS**

DO NOT use or store near heat or open flame.

## MASTER LABEL

### DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

All food and food processing surfaces must be covered or removed during application or thoroughly washed before reuse.

DO NOT use in and around residential sites

DO NOT apply directly to food.

DO NOT apply when food-processing facility is in operation or foods are present.

DO NOT apply this product to surfaces or utensils that may come into contact with food.

DO NOT treat areas when occupants are present

DO NOT treat establishments where livestock feed is present.

DO NOT apply to institutions (including libraries, sport venues, etc.) in the immediate area when occupants are present.

DO NOT apply directly to sewers or drains or to any area like a gutter where drainage to sewers, storm drains, water bodies or aquatic habitat can occur. DO NOT spray plants to be used for food or feed.

DO NOT allow children or pets to contact treated surfaces until dry.

After space spraying, DO NOT remain in treated area after treatment. Ventilate area thoroughly before re-entry

#### For Tank Mix

This product can be mixed with an EPA registered product such as pyrethrins or with an insect growth regulator that is approved for use in food handling establishments. Application must conform to the use directions and precautions of both products. Prior to tank mixing, a small jar compatibility test should be conducted using the proper proportions of each product and oil to ensure the physical compatibility of the mixture. Tank mix applications must be made in accordance with the more restrictive of label limitations and precautions. No label application rates may be exceeded. This product cannot be mixed with any product with label prohibitions against such mixing. Before using as a tank mix, read all product labels carefully and follow directions for use. Do not tank mix with products which are not approved for such uses and use sites.

#### FOR INDOOR USE:

Apply as a space-spray insecticide to control pests in commercial food and non-food areas of non-residential food service and handling establishments. These include but not limited to: bakeries, restaurants, grocery stores, food manufacturing and processing establishments, and food warehouses. Refer to chart below for application rates.

**Food Areas** include: receiving, storage, bottling, canning, packing, boxing, wrapping, preparing, edible waste storage and enclosed processing systems, dairies and mills.

**Serving Areas** are places where prepared foods are served, such as restaurants, dining rooms, but excluding areas where foods may be prepared or staged.

**Non-food areas** include: offices, vestibules and entries, garbage rooms, garages, storage areas for bottles or canned items, lavatories, boiler rooms, locker rooms, machine rooms, and closets.

#### Space Spray Application:

Close room and turn off all ventilating equipment such as fans and air conditioning. Apply at the recommended rate in the table below, using a reputable generator or mechanical aerosol fogger which creates a thirty (30) micron or less particle size.

Begin by directing spray into all cracks and crevices, behind all equipment, cupboards, furniture, cabinets, appliances, or any dark harborage areas, then treat as a space spray, directing the spray towards the high corners of the room and the ceiling. Keep areas closed for at least 30 minutes. Leave

**MASTER LABEL**

area immediately after treatment. Turn ventilations system back on and ventilate area thoroughly before re-entering.

Pests*	Usage Rate	Surface Area	NOTE:
Gnats, Houseflies, Mosquitoes, and Small Flying Moths	Direct spray one (1) fluid ounce product <u>undiluted</u> at the maximum level of active ingredient (0.25%).		
Angoumois Grain Moth, Cadelle, Cigarette Beetle, Cockroaches, Confused Flour Beetle, Grain Mites, Indian Meal Moth, Mediterranean Flour Moth, Rice Weevil (Adult and Accessible Forms) Saw toothed Grain Beetle, Yellow Meal Worm	Spray one (1) fluid ounce using a mechanical aerosol fogger product <u>undiluted</u> at the maximum level of active ingredient (0.25%).	1000 ft <sup>3</sup> (33' x 30') of space	DO NOT repeat application more than once every three (3) days.

\*Adult and accessible stages

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage or disposal.

**STORAGE:** Store in a cool, dry place. Keep container tightly closed.

**PESTICIDE DISPOSAL:** Do not pour or dispose down-the-drain or sewer. Call your local solid waste agency for local disposal options. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**PESTICIDE DISPOSAL & CONTAINER HANDLING:**  
 Non-refillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available or reconditioning if appropriate, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

**IMPORTANT: READ BEFORE USE**

To the extent consistent with applicable law, buyer assumes all risks of use, storage or handling of this material not in strict accordance with the directions given herewith.
