# DIRECTIONS FOR USE GENERAL CLASSIFICATION

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Special Formula #84-196 Lifeguard is used to control the growth of algae in swimming pools, exterior spas, whirlpools, hot tubs, and decorative fountains. For maximum effectiveness pools, spas, whirlpools, hot tubs, and decorative fountains containing heavy growth of algae should be cleaned prior to using Special Formula #84-196 Lifeguard.

For pools having just visible algae growth add an initial dose of 23.5 to 36.4 fluid ounces of Special Formula #84-196 Lifeguard per 10,000 gallons of water and remove settled algae debris by cleaning. For treatment of a freshly cleaned and filled pool add initially 12.8 to 23.5 fluid ounces of Special Formula #84-196 Lifeguard per 10,000 gallons of water. Subsequent additions of 4.3 to 8.6 fluid ounces of Special Formula #84-196 Lifeguard per 10,000 gallons of water should be made every 5 to 7 days after initial treatment for maintenance.

Spas, whirlpools, hot tubs, or decorative fountains having just visible algae growth require an initial dose of 2 to 4 fluid ounces of Special Formula #84-196 Lifeguard per 1000 gallons of water. For treatment of a freshly cleaned and filled spa, whirlpool, hot tub, or decorative fountain, add initially 1 to 2 fluid ounces of Special Formula #84-196 Lifeguard per 1000 gallons of water. Subsequent additions of 0.5 to 0.8 fluid ounces of Special Formula #84-196 Lifeguard should be made every 5 to 7 days after initial treatment for maintenance.

Special Formula #84-196 Lifeguard is compatible with those chemicals normally used to treat pools and spas and is effective at both acid and alkaline pH. Special Formula #84-196 Lifeguard can be used in pools and spas treated with chlorine chemicals and may reduce the amount of those chemicals normally required. However, do not mix Special Formula #84-196 Lifeguard with concentrated dry or liquid chlorine products.

### STORAGE AND DISPOSAL

STORAGE: Keep container closed when not in use. Leaking or damaged containers should be placed in a plastic bag and discarded in trash. Mop up spills with clear water. All pesticides should be kept out of reach of children and stored away from food.

DISPOSAL: Do not reuse empty container. Wrap container and place in trash.
