

40457-2 PW. 31

Cross-contamination is of major housekeeping concern not only in hospitals, but in schools, institutions, and industry. O-C SAN-Q No. 2 is formulated for this problem area. It both cleans and disinfects effectively and is virucidal when used as directed. Its hard surface disinfecting action will reduce the hazard of cross-contamination.

O-C SAN-Q No. 2 is an extremely effective one-step sanitizer for non-food contact surfaces. It cleans and sanitizes in waters up to 850 ppm hardness. This hard water tolerance is in excess of most potable waters and will insure complete sanitizing action when used as directed.

Two ounces of O-C SAN-Q No. 2 per gallon of water will deodorize surfaces in bathrooms, garbage storage areas, and other areas where bacterial growth can cause mal odors. Prevents odor caused by mold and mildew.

#### Precautionary Statements

Hazards to Humans and domestic animals

### WARNING

Keep out of reach of children. May cause severe eye irritation or eye damage. Causes skin irritation. Do not get in eyes, on skin, or on clothing. Harmful if swallowed. Avoid contamination of food.

### STORAGE AND DISPOSAL

**Storage:** Keep container closed when not in use. Do not store below 32°F or above 140°F for extended periods. Store away from strong oxidizers. This product must be kept under locked storage sufficient to make it inaccessible to children or persons unfamiliar with its proper use.

**Disposal:** Do not contaminate water, food, or feed by storage or disposal. Waste resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Do not reuse empty container. Triple rinse. May offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by incineration.

## O-C SAN-Q No. 2

Cleaner-Disinfectant-Deodorizer-  
Fungicide-Virucide\*

Sanitizer with Organic Soil Tolerance for  
Hospital, Institutional and Industrial Use

#### Active Ingredients

Didecyl dimethyl ammonium chloride 4.5%

#### Inert Ingredients

#### Directions

#### GENERAL C

It is a violation of Federal law to use this product in a manner inconsistent with the label.

O-C SAN-Q No. 2 is a proven "one-step" fungicide-virucide in the presence of water.

Apply O-C SAN-Q No. 2 to walls, floors, and other porous surfaces such as table tops, counters, and bodframes with a cloth, mop or brush. Thoroughly wet surfaces. For heavy soiling, a scrub brush is required. Prepare a fresh solution if the surface is visibly dirty.

**Disinfection** — To disinfect hard surfaces, add 1 oz. per gallon of water. Treated surfaces will be ready for use. At this use-level, O-C SAN-Q No. 2 is effective against bacteria, viruses, and fungi in schools, industry and non-medical facilities.

**Sanitizing** — To sanitize porous surfaces, add 1 oz. per 2 1/2 gallons of water. Surfaces must remain wet for 30 seconds.

**For hospitals and nursing homes** — O-C SAN-Q No. 2 has a broad spectrum activity of O-C SAN-Q No. 2 in the presence of 5% serum and found to be effective against organisms by the AOAC Use-Dilution Test.

- Pseudomonas aeruginosa
- Staphylococcus aureus
- Salmonella choleraesuis
- Escherichia coli
- Streptococcus pyogenes
- Proteus mirabilis

#### AOAC Fungicidal Test

O-C SAN-Q No. 2 is an effective fungicide against plant pathogenic fungi (the athlete's foot fungus) in areas such as locker rooms, dress rooms, and exercise facilities, etc.

#### Virucidal Performance

At 1 oz. per gallon use level, O-C SAN-Q No. 2 is effective against the presence of 10% serum and found to be effective against viruses: Herpes Simplex (a member of the herpesvirus family), Adenovirus Type 5 (a causative agent of infectious mononucleosis), Vaccinia virus, Influenza A, as represented by the Hong Kong Flu and the London Flu viruses.

**For schools, non-medical institutions** — O-C SAN-Q No. 2 is a germicidal effectiveness. It is effective against Salmonella choleraesuis and Escherichia coli used above to confirm suitable performance.

**Sanitizing-Non-Food Contact Surfaces** — (At 1 oz./2 1/2 gallon use-level) O-C SAN-Q No. 2 is an effective sanitizer in waters of up to 850 ppm hardness against Staphylococcus aureus and Klebsiella pneumoniae on porous and non-porous environments.
