ACCEPTED
JUL - 5 1969
Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the purpose of registration under the Act, File No. 40702-1

PRECAUTIONARY STATEMENTS, HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER
Corrosive may cause severe skin irritation or chemical burns to broken skin. Causes eye damage. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling this product. Wash after handling. Avoid breathing vapors. Use in poorly ventilated areas as soon as possible. Do not return until odors have dissipated.

STORAGE AND DISPOSAL
Store this product in a cool dry area, away from direct sunlight and heat to avoid deterioration. In case of spill, flood areas with large quantities of water. Product or residues that cannot be used should be diluted with water before disposal in a sanitary sewer. Do not reuse empty container but place in trash collection. Do not contaminate food or feed by storage, disposal or cleaning of equipment.

PHYSICAL AND CHEMICAL HAZARDS
Strong oxidizing agent. Mix only with water according to label directions. Mixing this product with grease oils such as kerosene, urine, etc., or with ammonia, acids, detergents or other chemicals may release hazardous gases irritating to eyes, lungs and mucous membranes.

NOTE This product degrades with age. Use a chlorine test kit and increase dosage as necessary to obtain the required level of available chlorine.

FOR INSTITUTIONAL USE ONLY

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This product can be used in conjunction with the CMA Dish Machine. It is not offered for sale to the public. The injection system is adjusted to deliver 100 parts per million available chlorine for destaining to the final rinse. The CMA Dish Washer is designed for the washing and destaining of institutional ware.

For sanitizing glasses, dishes and silverware, immerse for 30 seconds in solution 2 ozs. of bleach to 4 gallons of water in final rinse tank of dishwashing procedure. This product may be employed in hot or cold water. *Drain and air dry.*

Eating and drinking utensils properly washed and submerged in product solutions, prepared as directed, will be sanitized in accordance with health department requirements.

Basic measurements: 4 drops, or 2 ozs. bleach added to 4 gallons of water equals 200 ppm available chlorine solution. 8 ozs. equals one cup or one-half pint.

FIRST AID

If on skin, wash with plenty of soap and water. If in eyes, flush with water for at least 15 minutes. Get medical attention. If swallowed, drink large quantities of milk or gelatin solution or if these are not available, drink large quantities of water. Do NOT give vinegar or other acids. Do NOT induce vomiting. Get prompt medical attention.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Keep out of lakes, streams or ponds. Treated effluent may not be discharged into lakes, streams, ponds or public waters without a valid discharge permit. For guidance, contact the regional office of the Environmental Protection Agency.
