Subject: Label Amendment – Update ingredient statement and container handling language
Product Name: Irgarol 1071
EPA Registration Number: 40810-15
Application Date: July 31, 2015
Decision Number: 508854

Dear Ms. Rice:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

An algicide for use in the manufacture of the following aqueous and solvent compositions only: paints, coatings, stucco, stains and caulks to inhibit or control the growth of algae on the treated surfaces. This product may be used at a level ranging from 0.03 to 4 % by weight in the final formulated products. The manufactured products are for outdoor use only, are not to be used in products that may come in contact with water, and are not to be used on wood or any other treated material which is to be used for food, feed, potable water, livestock, dairy animals or living plants.

Important : Read the entire Directions for Use before using this product.

STORAGE AND DISPOSAL

Nonrefillable container. Do not reuse or refill this container.

Do not contaminate water, food or feed by storage or disposal. Store in a dry location.

PESTICIDE DISPOSAL:

Wastes resulting from use of this product may be disposed off on site or at an approved waste disposal facility.

CONTAINER DISPOSAL:

Completely empty liner by shaking and tapping sides and bottom to loose clinging particles. Empty residue into formulation equipment. Offer for recycling, if available. Otherwise, dispose of the liner and drums in a sanitary landfill or by incineration if allowed by state and local authorities.
