

may be used in conjunction with Atropine.

ENVIRONMENTAL CAUTION

This product is toxic to fish, wildlife and birds. Do not contaminate water by cleaning of equipment or disposal of waste. Keep out of water ponds. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from treated areas. Apply this product only as specified on this label.

This product is toxic to bees and other pollinators. Do not apply when bees are visiting the area.

Do not use empty container. Dispose of by crushing and burying in a safe place.

DIRECTIONS

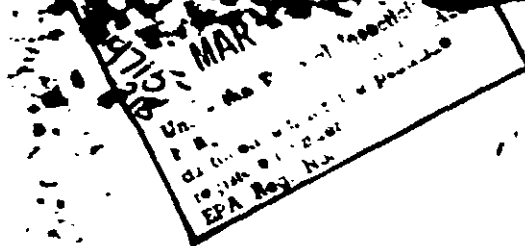

Do not use NAVUNEX-8 Dust in conjunction with alkaline materials such as lime and lime sulfur or with sulfur or sulfur fumigant oils. NAVUNEX-8 is known to be incompatible with chlorinated hydrocarbons. However, the use of these materials with NAVUNEX-8 Dust is not recommended. Do not use NAVUNEX-8 Dust in conjunction with phosphorus acid salts.

Begin application when plants are in the early stages of growth. Apply thoroughly to the underside of leaves. Repeat applications as needed. Do not apply to plants in bloom.
