Subject: Label Notification(s) for Pesticide Registration 98-10

Dear Ms. Morris:

Subject: Notification to Make Label Changes
EPA Registration Number: 40849-4
Date of Submission: July 18, 2014

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 dated July 18, 2014 for the product Enforcer House & Garden Bug Killer. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action(s) requested fall within the scope of PRN 98-10. The label submitted with the application has (have been stamped "Notification" and will be placed in our records.

If you have any questions, please contact Melody Banks on 703 305-5413 or via e-mail at banks.melody@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Richard Gebken".

Net Weight: 1 lb (454 g)

{Back Panel}

[Water Based] [Level 1 Aerosol]
[No CFCs, Contains No CFCs Which Deplete The Ozone Layer]

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not use in and around electrical equipment due to the possibility of shock hazard.

USE RESTRICTIONS

- Do not enter or allow others to enter treated areas until sprays have dried.
- Do not allow people or pets to enter treated areas until vapors, mists, and aerosols have dispersed, and the treated area has been thoroughly ventilated.
- Remove pets, birds, and cover fish aquariums and ornamental fish ponds before spraying, and turn aquarium systems off.
- Do not apply this product in a way that will contact adults, children or pets, either directly or through drift:

INDOORS

Shake Twice Only Before Use. Hold Can Upright. Apply in Short Bursts.

To Kill Flies, Mosquitoes, Small Flying Moths and Gnats: Before spraying cover exposed food and utensils. Close all doors and windows and direct spray upward into center of room with a slow sweeping motion. Spray 5-10 seconds for

5/6

average room. Keep room closed for 15 minutes after spraying. Thoroughly ventilate room before re-entry. Keep pets out of room until product has dried. Sweep up and throw away fallen insects.

OUTDOORS

[Fast Acting Protecting Covering Blanketing Foam]

Shake twice only before using. Hold can upright. Apply in short bursts. [Do not use inside the home.] Do not use on plastic, foam, asphalt roofing shingles, vinyl siding or auto paint. Damage may occur.

Vinyl Siding – Please Read Carefully: Enforcer House & Garden Bug Killer is a water based product. During spray application to nest, if inadvertent contact to vinyl siding occurs, rinse immediately with water.

To Kill Ornamental Plant Pests such as Aphids, Leafhoppers, Lacebugs, Whiteflies, Spiders, Mites, Japanese Beetles, Asian Lady Beetles, Mealy Bugs, Caterpillars, Box Elder Bugs and Eastern Tent Caterpillars: General: When sprayed directly on insects, this spray will kill the listed insects. Exercise caution when spraying new tender growth on young plants.

When spraying, hold can 18-24 inches from plant.

For best results, spray in the evening or on a cloudy day when air is still. Do not spray when temperatures exceed 90° F. Lightly mist the plants, using a slow sweeping motion. Do not wet foliage with spray. If spray accidentally contacts foliage or siding, immediately wash with water. Spray rows at the rate of 1 foot per second. For heavy growth, spray both sides of row. Repeat as needed.

To Kill Wasps: Apply at dusk or early morning when insects are least active. Hold can upright. Point valve opening away from face. With wind at back, aim at nests in trees, bushes, under eaves, chimneys, cracks or crevices.

To Kill Yellow Jackets: Yellow Jackets make their nests in the ground, dead tree stumps, railroad ties, walls or similar structures. During daylight hours, watch them closely to determine location of nest entrance. Wait until dusk or early morning when insects are at rest. Spray entire can down hole from a close enough distance to direct 100% of spray into hole.

To Kill Hornets: Unless you can clearly see the opening at the bottom of the hornets' nest, never use a hornet spray (on the nest) as hornets may escape and attack you. Hornets usually make their nests in trees, shrubs and under eaves. During daylight hours, determine location of nest entrance. Wait until dusk or early morning when insects are at rest. Direct form spray into entrance hole. As hornets fall out continue spraying until no more are visible or the can is empty. Immediately leave area.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry (preferably locked) storage area inaccessible to children and pets and away from heat, open flame or other sources of ignition. Do not incinerate or puncture!

DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available.

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION: Harmful if swallowed, inhaled or absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Avoid breathing vapors or mists. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco.

FIRST AID

IF SWALLOWED: Immediately call a poison control center or doctor for treatment advice. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give any liquid to person. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Immediately rinse skin with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. [You may also contact 1-877-541-2016 for emergency medical treatment information.]

If in the event of an animal-related emergency, call the national Animal Poison Control Center at 1-800-345-4735.
