FLEA & ROACH FOGGER

Directions for Use General Classification

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Storage and Disposal

Storage. Store in a cool, dry area away from heat or open flame.

Disposal: Do not reuse empty container. Wrap container and put in trash collection. This product will kill Flies, Mosquitoes, Black Carpet Beetles, Saw-toothed Grain Beetles, Rice Weevils, Small Flying Moths, Spiders, Centipedes, Fleas, Ticks, Wasps, Pill Bugs, Crickets and Silverfish.

Aids in control of Cockroaches.

Cover exposed food dishes and food-handling equipment. Operate fans and doors to area to be treated. Shut off fans and air conditioners. Put out all flames and pilot lights. Close doors and windows. Point valve opening away from face and eyes when releasing. Use one unit for each 6,000 cubic feet of unobstructed area. Use additional units for remote rooms or where free flow of mist is not assured. Do not remain in the area during treatment and ventilate thoroughly before re-entry.

TO OPERATE VALVE: To lock valve in "on" position for automatic discharge, press "on" button at the way down locking the catch. Then place fogger on stand or table in the center of room with valve locked open, placing several layers of newspaper or pad under fogger. Leave building at once and keep building closed for four hours after releasing unit. Open all doors and windows and allow to air for 30 minutes. Repeat spraying in two weeks, or when necessary.

To Kill Ticks: Destroy carpet bedding and replace with product. Treat dogs and cats with registered tick repellent. Do not re-enter.

Precautionary Statements Hazards to Humans and Domestic Animals

CAUTION

Harmful if swallowed. Avoid contact with eyes. Avoid contact with skin. If eyes are affected, wash with plenty of water. If in contact with skin, wash with plenty of water. Get medical attention if irritation persists. Avoid contamination of food and feed stuffs.

Do not use in commercial food processing, preparation, serving or storage areas. In the home, avoid food processing surfaces and items which should be covered during treatment. Do not use on carpeting or other soft surfaces. Do not use on exposed food.

Remove pets, birds and children from treated area.

Physical Hazards

Contents under pressure. Do not use if stored near heat or open flame. Do not pierce or use if container is damaged. Exposure to temperatures above 130°F may cause bursting.
