Subject: Label Notifications for Pesticide Registration Notices 2007-4

Dear Ms. Dixon,

The Agency is in receipt of your Applications for Pesticide Notification under Pesticide Registration Notice (PRN) 2007-4 dated January 29, 2009 for the following products:

Enforcer Flea & Tick Powder for Pets	EPA Registration Number 40849-16
Enforcer Flea & Tick Spray for Pets II	EPA Registration Number 40849-34
Enforcer Four Hour Fogger V	EPA Registration Number 40849-46
Enforcer Roach Ridd	EPA Registration Number 40849-20202

The Registration Division (RD) has conducted its review of these requests for their applicability under PRN 2007-4 and finds that the label changes requested fall within the scope of PRN 2007-4. The labels submitted with the applications have been stamped "Notification" and will be placed in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on nonrefillable containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably marked on the container itself.

If you have any questions, please call me directly at 703-305-6249 or Steve Schaible of my staff at 703-308-9362.

Sincerely,

A handwritten signature in black ink, appearing to read "Linda Arrington".
