

NOTICE OF PESTICIDE: REGISTRATION
 REREGISTRATION

(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

NAME OF PESTICIDE PRODUCT

Flea Spray for Yards
Concentrate II

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Enforcer Products, Inc.
P.O. Box 1068
Cartersville, GA 30120

161/198251
(18/1)

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling changes listed below before you release the product for shipment:

- a. Add the phrase "EPA Registration No. 40849-31."
- b. Add the following inhalation statement to the Statement of Practical Treatment.

If Inhaled: Remove victim to fresh air.
Apply artificial respiration if necessary.

3. Provide the upper and lower certified limits based on the pure active ingredients rather than the technical or concentrate. Note that the lower limit of the active, including any solvent declared as active, must not fall below the label claim.

ATTACHMENT IS APPLICABLE

[Handwritten Signature]

DATE

6/25/87

5. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS**

WARNING: Causes skin irritation. Harmful if swallowed. Avoid breathing vapors. May cause eye irritation. Do not get on skin, in eyes, or on clothing. Do not spray plants used for food or feed.

STATEMENT OF PRACTICAL TREATMENT

If On Skin: Remove contaminated clothing. Wash affected area thoroughly with soap and water. Contact a physician if irritation persists. Wash clothing prior to re-use.

If Swallowed: Immediately call a physician or Poison Control Center at once. Do not induce vomiting because of aspiration hazard.

If In Eyes: Immediately flush eyes with plenty of water. Contact a physician if irritation persists.

PHYSICAL OR CHEMICAL HAZARDS

Do not use or store near heat or open flame.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

LAWN FLEA CONTROL:

To kill fleas harboring in lawns use this concentrate in a hose-end sprayer. Place 1 fluid ounce of concentrate in a sprayer jar and fill with 9 gallons of water to treat 1,500 sq. ft. (50' X 30'). Mix well. Attach to sprayer and spray as recommended. For best results lawn should be mowed a day or two before spraying. Spray using a slow, even sweeping motion, being sure to cover the entire lawn surface where the pets will normally frequent. Spray under ornamentals and trees, but avoid soaking young or flowering plants. Repeat treatments may be necessary at 7 to 14 day intervals.

Keep pets and children out of the treated area until after the spray has dried. Do not spray animals. Dogs, cats, their kennel or bedding area should also be treated with a registered flea control product in conjunction with this application.

NOTE: 1 fluid ounce = 2 tablespoonsful = 6 teaspoonsful.

BACK PANEL [CONT'D] - Enforcer Flea Spray for Yards Concentrate II

FOR OUTDOOR PESTS:

Mix concentrate in a compressed air sprayer or watering can at the rate of 16 fluid ounces per 1 gallon of water to control on contact cockroaches, palmetto bugs, ants, crickets, sowbugs, spiders and ticks. Use at the rate of 1 gallon (diluted spray) per 1,000 square feet to outside surfaces of buildings, porches, patios, garages and other areas where these pests have been seen or are found. Do not spray in or near fish ponds or other bodies of water. Do not allow spray to contact ornamental plants or shrubs because of possible injury.

BUILDING PERIMETER TREATMENT:

To help prevent infestations of buildings by ants, crickets, spiders, centipedes and sowbugs (pillbugs), treat a 12-18 inch band of soil or other substrate adjacent to buildings and the building foundation to a height of 2 to 3 feet where these pests are active and may find entrance. Use 4 fluid ounces of concentrate per gallon of water and apply as a coarse wet spray at the rate of 1 gallon per 1,000 square feet.

STORAGE: Store in original container in a cool dry place (preferably locked) inaccessible to children and pets and away from direct heat or sunlight.

DISPOSAL: Do not reuse empty container. Wrap container in several layers of newspaper and dispose in trash collection.
