ENFORCER ANT & ROACH KILLER III

Pressurized Spray

Residually Kills:
Ants, Cockroaches, Ticks, Fleas and Other Listed Insects

Water Based

Non-Staining

Potpourri Country Fresh
[or other descriptive term as appropriate]
Fragrance

With Pyrethrins and Permethrin

For Use in Homes and Non-Food Areas of Kennels,
Commercial Buildings: Warehouses, Theaters, Office Buildings,
Schools, Hotels, Motels, Restaurants and Food Processing Facilities

ACTIVE INGREDIENTS:

Pyrethrins	0.05%
*N-Octyl bicycloheptene dicarboximide	0.25%
Permethrin [*(3-phenoxyphenyl)methyl(±)-cis,trans-3-(2,2-dichloroethenyl)-2,2-dimethylcyclopropanecarboxylate]	0.20%
Related compounds	0.02%
INERT INGREDIENTS	99.48%
Total	100.00%

**MGK 264, Insecticide Synergist

**cis, trans isomer ratio: Min. 35% (±) cis, max. 65% (±) trans.

Keep Out of Reach of Children

CAUTION

See back panel for additional precautionary statements.

RECEIVED

MAR - 1 1994

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 40849-33

NET WEIGHT: _____ OZ.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

GENERAL: Use this residual spray as a spot or crack and crevice treatment to control cockroaches, waterbugs, silverfish, ticks, fleas and other insects listed below. Apply this product only as a coarse spray or crack and crevice treatment to localized areas where pests are found or may occur. Spray surfaces until wet. Repeat as needed. Do not use this product in or on electrical equipment due to the possibility of shock hazard.

FOR SPOT TREATMENT

To Kill Ants, Cockroaches, Crickets, Silverfish, Spiders, Sowbugs, Earwigs and Carpet Beetles: Spray areas where these pests are found or may hide, including dark corners of rooms and closets; crack and crevices in walls; along baseboards and door and window frames; behind and beneath sinks, stoves, refrigerators and cabinets; and around garbage cans, plumbing and other utility installations. Pests driven out of hiding places should be sprayed directly. For ants, apply to ant trails, also around doors and windows and wherever else these pests may find entrance. Repeat as necessary.

To Kill Brown Dog Ticks and Fleas: Thoroughly apply as a spot treatment to infested areas such as pet beds and resting quarters; nearby cracks and crevices; along and behind baseboards; window and door frames and localized areas of floor and floor coverings where these pests may be present. Old bedding should be removed and replaced with clean, fresh bedding after treatment. Do not spray pets with this product. Pets should be treated with a registered product for flea and tick control in conjunction with this treatment.

FOR CRACK AND CREVICE

To Kill Ants, Cockroaches, Crickets, Silverfish, Sowbugs, Spiders, Brown Dog Ticks, Fleas, Earwigs and Carpet Beetles: Apply spray in small amounts directly into cracks and crevices. Equipment capable of delivering a pin stream should be used in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases where the above-listed insects hide.

Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food processing surfaces.

Flies and Mosquitoes: Use only out-of-doors as an aid in reducing annoyance from these insects. Spray outside surfaces of window and door frames as well as other areas where these pests may enter the home. Also spray dark corners and localized resting areas (such as under eaves) or porches, patios and garages where these insects may congregate. Flies and mosquitoes coming to rest on treated surfaces will be killed. Repeat treatment when necessary.

STORAGE: Replace cap, and store container in a cool, dry place (preferably locked) inaccessible to children and pets and away from heat, direct sunlight and open flame. **DISPOSAL:** Replace cap, wrap container in several layers of newspaper and discard in trash. Do not incinerate or puncture.

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION: May be harmful if inhaled or absorbed through skin. Avoid breathing spray mist and provide adequate ventilation of area being treated. Avoid contact with skin, eyes and clothing. Wash thoroughly with soap and water after handling and before smoking.

Do not use in commercial food processing preparation, food storage or serving areas.; In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Exposed food should be covered or removed.

Remove pets, birds and cover fish aquariums before spraying. Do not allow children or pets to contact treated surfaces until spray has dried.
