Ms. Kellie Dixon, Chemist
Enforcer Products
A Division of Acuity Specialty Products Group, Inc.
1310 Seaboard Industrial Blvd.
Atlanta, GA 30318

Subject: Label Notifications for Pesticide Registration Notices 2007-4

Dear Ms. Dixon,

The Agency is in receipt of your Applications for Pesticide Notification under Pesticide Registration Notice (PRN) 2007-4 dated February 3, 2009 for the following products:

Enforcer Ant & Roach Killer III	EPA Registration Number 40849-33
Enforcer Flea Fogger XX	EPA Registration Number 40849-56
R & M Carpet Powder #6	EPA Registration Number 40849-61
Enforcer P002-082797-RMP	EPA Registration Number 40849-72
Enforcer RoachMax™ Bait Stations	EPA Registration Number 40849-76
Enforcer Fire Ant Bait	EPA Registration Number 40849-79
Enforcer BugMax Home Pest Control	EPA Registration Number 40849-80

The Registration Division (RD) has conducted its review of these requests for their applicability under PRN 2007-4 and finds that the label changes requested fall within the scope of PRN 2007-4. The labels submitted with the applications have been stamped "Notification" and will be placed in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on nonrefillable containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably marked on the container itself.

If you have any questions, please call me directly at 703-305-6249 or Steve Schaible of my staff at 703-308-9362.

Sincerely,

Linda Arrington

Level 1 Aerosol

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
Shake Well

Do not use in commercial food processing, preparation, storage or serving areas. In the home when used indoors, remove all exposed food and cooking utensils. Cover all food handling surfaces or wash thoroughly after treatment and before use. Do not use on edible crops. Remove pets, birds and cover fish aquariums before spraying. Do not allow children or pets to contact treated surfaces until spray has dried. Provide adequate ventilation of area being treated.

Do not apply in classrooms when in use. Do not apply this product in occupied patient rooms or in any rooms/areas while occupied by patients, the elderly or infirm. Do not apply to institutions (including libraries, sports facilities, etc.) in the immediate area when occupants are present.

For Spot Treatment

To Kill Ants, Cockroaches, Crickets, Silverfish, Spiders, Sowbugs, Earwigs and Carpet Beetles: Spray areas where these pests are found or may hide, including dark corners of rooms and closets; crack and crevices in walls; along baseboards and door and window frames; behind and beneath sinks, stoves, refrigerators and cabinets; and around garbage cans, plumbing and other utility installations. Directly spray pests driven out of hiding places. For ants, apply to ant trails, also around doors and windows and wherever else these pests may find entrance.

To Kill Brown Dog Ticks and Fleas: Thoroughly apply as a spot treatment to infested area such as pet beds and resting quarters; nearby cracks and crevices; along and behind baseboards; window and door frames and localized areas of floor and floor coverings where these pests may be present. Remove old bedding and replace with clean, fresh bedding after treatment. **Do not spray pets with this product.** Simultaneously treat pets with a product registered for flea and tick control on pets in conjunction with this treatment. Also, treat your yard with a product registered for yard application.

For Crack and Crevice

To Kill Ants, Cockroaches, Crickets, Silverfish, Sowbugs, Spiders, Brown Dog Ticks, Fleas, Earwigs and Carpet Beetles: Apply spray in small amounts directly into cracks and crevices. Use equipment capable of delivering a pin stream in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases where the above-listed insects hide. Avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food processing surfaces.

Flies and Mosquitoes: Use only out-of-doors as an aid in reducing annoyance from these insects. Spray outside surfaces of window and doorframes as well as other areas where these pests may enter the home [building]. Also spray dark corners and localized resting areas (such as under eaves) or porches, patios and garages where these insects may congregate. Flies and mosquitoes coming to rest on treated surfaces will be killed. Remove all exposed food and cooking utensils. Cover all food handling surfaces or wash thoroughly after treatment and before use. Do not use on edible crops. Hold can 2 to 3 feet from surface to be treated and spray in infested surface of patio or picnic area, hitting as many insects as possible. Spray to slightly moisten the surface.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Harmful if inhaled or absorbed through skin. Avoid breathing vapor or spray mist. Avoid contact with skin, eyes and clothing. Thoroughly wash with soap and water after use and before smoking.

First Aid

If Swallowed	<ul style="list-style-type: none"> • Immediately call a poison control center or doctor for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Do not give anything by mouth to an unconscious person.
If Inhaled	<ul style="list-style-type: none"> • Move person to fresh air • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible.

	<ul style="list-style-type: none"> • Call a poison control center or doctor for further treatment advice.
If on Skin or Clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Immediately rinse skin with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
If in Eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. [You may also contact 1-800-xxx-xxxx for emergency medical treatment information.]	

{Note: The First Aid statements' grid format will be used if market label space permits; otherwise a paragraph format will be used}

Physical or Chemical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Incineration of container may cause explosion. Do not use in or on electrical equipment due to the possibility of shock hazard.

Storage and Disposal

Storage: Store in a cool, dry (preferably locked) storage area inaccessible to children and pets and away from heat, open flame and other sources of ignition. Do not puncture or incinerate! **Disposal:** Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available.

Products must bear a batch code. This is a lot number or other code used by the registrant or producer to identify the batch of the pesticide product distributed and sold.
