Dear Ms. Davis:

Subject: Alternate Formulation
Enforcer Flea Killer for Carpets II
EPA Registration Number 40849-44
Submission dated November 25, 1991

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable.

It is understood that the alternate formula dated October 28, 1991, declaring "Fragrance" as the perfume, is not acceptable. The alternate formula dated November 25, 1991, reinstating the fragrance "pyrethrum masking", is the currently acceptable alternate formulation for the product referenced above.

Sincerely,

RFM
