Cartersville, GA 30120

~~40849-49~~  
BY

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided you agree to:

1. Submit and/or cite all data or other material for registration/ reregistration of your product under FIFRA section 3(c)(5) or FIFRA section 4 when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling change listed below before you release the product for shipment:

a. Add the phrase, "EPA Registration No. 40849-49."

b. The Precautionary Statements should read as follows:

Causes moderate eye irritation. Harmful if swallowed, absorbed through skin or inhaled. Contains petroleum distillate. Do not induce vomiting because of aspiration pneumonia hazard. Avoid breathing vapor or spray mist. Avoid contact with skin, eyes, or clothing. In case of contact, flush with plenty of water. Remove contaminated clothing and wash before reuse. Wash thoroughly with soap and water after handling.

Avoid contamination of food and feedstuff. Do not spray plants used for food or feed.

ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL

DATE

c. Under Statement of Practical Treatment, the "If In Eyes" statements should precede the other statements; the "If Swallowed" statement should appear last; the "If Inhaled" should read as follows:

IF INHALED: Remove victim to fresh air if not breathing give artificial respiration, preferably mouth to mouth. Get medical attention.

d. The statement on the front panel must be revised to

EMULSIFIABLE CONCENTRATE FOR USE ON RESIDENTIAL LAWNS  
AND AROUND RESIDENTIAL PREMISES ONLY

e. Add "Storage and Disposal" before "Storage..."

f. Revise the Environmental Hazards statements as follows:

This pesticide is highly toxic to fish and aquatic invertebrates. Do not apply directly to water. Drift from treated ...etc.

3. Submit 5 copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

Under the Federal Insecticide,  
Fungicide and Rodenticide Act  
the pesticide  
EPA Reg. No.

*40849-49*

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**LAWN FLEA AND TICK CONTROL:**

To kill fleas and tick harboring in lawns and backyards, use this concentrate in a hose-end sprayer. Place required amount of concentrate in sprayer jar (see chart below) and fill with water to the recommended level. Mix well. Attach to sprayer and spray as recommended. For best results, lawn should be mowed a day or two before spraying. Spray using a slow, even sweeping motion, being sure to cover the entire lawn surface where pets normally frequent. Spray under ornamentals and trees, but avoid soaking young or flowering plants. Repeat treatments may be necessary at 7 to 14 day intervals. Kills on contact the Ixodes dammini tick (deer tick), which transmits lyme disease. Also kills foraging fire ants upon direct contact. A registered fore ant mound treatment should also be used in conjunction with this product.

Keep pets and children out of the treated area until after the spray has dried. Do not spray animals. Dogs, cats, their kennels or bedding areas should also be treated with a flea and tick control product registered for these uses in conjunction with this application.

**HOSE END SPRAYER APPLICATION**

Amount of Product to Use Fluid Ounces*	Amount of Water to Use	Area to Be Treated
1-1/3	3 gallons	500 sq. ft. (50'x10')
2-2/3	6 gallons	1000 sq. ft. (50'x20')
5-1/3	12 gallons	2000 sq. ft. (50'x40')

\*NOTE: 1 fluid ounce = 2 tablespoons = 6 teaspoons

Concentrate

---

**FOR OUTDOOR PESTS:**

Mix concentrate in a compressed air sprayer or watering can at the rate of two (2) fluid ounces per one (1) gallon of water to control, on contact, ants, cockroaches (including German and Asian cockroaches), crickets, palmetto bugs, sowbugs, spiders and ticks. Use at the rate of one (1) gallon (diluted spray) per 1,000 sq. ft. to outside surfaces of buildings, porches, patios, garages and other areas where these pests have been seen or are found. Do not spray in or near fish ponds or other bodies of water. Do not allow spray to contact ornamental plants or shrubs because of possible injury.

**Building Perimeter Treatment:** To help prevent infestations of buildings by ants, centipedes, crickets, sowbugs and spiders, treat a 12-18 inch band of soil or other substrate adjacent to buildings and the building foundation to a height of 2 to 3 feet where these pests are active and may find entrance. Use sixteen (16) fluid ounces of concentrate per gallon of water and apply as a coarse wet spray at the rate of one (1) gallon per 1,000 sq. ft.

**STORAGE:** Store in original container in a cool, dry (preferably locked) place in accessible to children and pets. Keep container closed. **DISPOSAL:** Do not reuse empty container. Wrap container and discard in trash.

**PRECAUTIONARY STATEMENTS**

**Hazards to Humans & Domestic Animals**

**CAUTION:** Harmful if swallowed. Contains petroleum distillate. Do not induce vomiting because of aspiration pneumonia hazard. Avoid breathing vapors or spray mist. Avoid contact with skin or eyes. Wash with soap and warm water after use. Avoid contamination of food or feedstuffs. Do not spray plants used for food or feed.

**Statement of Practical Treatment**

**If Swallowed:** Call a physician or poison control center immediately. Do not induce vomiting due to aspiration pneumonia hazard. **If In Eyes:** Flush with plenty of water. Get medical attention if irritation persists. **If on Skin or Clothing:** Remove contaminated clothing and wash before reuse. Wash skin with soap and warm water. Get medical attention if irritation persists. **If Inhaled:** Remove person to fresh air. Apply artificial respiration if indicated. Get medical attention if warranted.

**Environmental Hazards**

This pesticide is highly toxic to fish. Do not apply directly to water or wetlands (swamps, bogs, marshes and potholes). Drift from treated areas may be hazardous to organisms in adjacent aquatic sites. Do not contaminate water when disposing of equipment washwaters.

**Physical or Chemical Hazards**

Do not use or store near heat or open flame.
