## PRECAUTIONARY STATEMENTS

### Hazards to Humans & Domestic Animals

**CAUTION:** Harmful if inhaled or absorbed through skin. Avoid breathing spray mist. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Avoid contamination of food or foodstuffs. Do not use in commercial food processing, preparation, food storage or serving areas. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Exposed food should be covered or removed. Remove pets, birds and cover fish aquariums before spraying.

### Statement of Practical Treatment

**If Swallowed:** Call a physician or poison control center immediately. Do not induce vomiting. **If in Eyes:** Flush with plenty of water. Get medical attention if irritation persists. **If on Skin or Clothing:** Remove contaminated clothing and wash before reuse. Wash skin with soap and warm water. Get medical attention if irritation persists. **If Inhaled:** Remove person to fresh air. Apply artificial respiration if indicated. Contact a physician if warranted.

### Environmental Hazards

This product is extremely toxic to fish. Keep out of lakes, streams or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes.

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Enforcer Flea Spray for Homes kills fleas and ticks, and contains a unique combination of ingredients which kills adult fleas, as well as flea eggs and larvae. One of these ingredients, FGR®, kills fleas by preventing their development into the adult biting stage. It reaches fleas hidden in carpets, rugs, drapes, upholstery, pet bedding and floor cracks. This product ultimately protects your home from reinfestation while protecting your family and pets from bites. A treatment with this spray can provide continuous flea protection for up to 210 days (7 months), and leaves no objectionable odor or sticky mess. When used as directed, this product will not stain furnishings or carpeting. The pupae (cocoon) stage will not be affected by this product because the cocoon is very difficult to penetrate. Repeat treatments may be necessary to kill any newly emerged fleas from the pupae stage.

**FLEAS:** Treat all carpeted areas. Adjust spray nozzle to create a fine spray. Evenly apply a fine mist or spray to carpets, rugs, drapes and all surfaces of upholstered furniture by using a wide, sweeping motion. Be careful not to saturate surfaces. Treat pet bedding, a primary hiding place for fleas. Retreat as necessary. **DO NOT SPRAY HUMANS OR PETS WITH THIS PRODUCT.** Use an Enforcer product registered for flea control on pets in conjunction with this treatment. Use in homes, garages, attics, apartments and hotels. One container will treat approximately 1,595 square feet (or eleven rooms measuring 10' x 14 1/2').

To kill other crawling bugs (such as ticks, ants, spiders, roaches and silverfish) spray directly on pests.

**STORAGE:** Store in a cool, dry place (preferably locked) inaccessible to children and pets and away from heat, flames and other sources of ignition. **DISPOSAL:** Replace cap, wrap container in newspaper and discard in trash.
