DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Enforcer® Concentrate for Fleas XX prevents preadult fleas from developing into adult fleas. Flea eggs deposited on, and larvae crawling onto, treated areas will not develop into adult fleas. Existing or newly introduced adult fleas and flea pupae (cocoon) are not affected, however, their offspring will be. To control newly introduced adult fleas, use an Enforcer flea adulticide product.

ACCEPTED
MAY 7 2003
Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 40849-54

For best results, use this concentrate prior to flea season. When applied to surfaces where fleas are found, such as carpets, upholstered furniture and pet sleeping areas, this product prevents reinfestation for up to 7 months [210 days].

Do not treat humans or pets with this product. Use an Enforcer[®] product registered for flea control on pets in conjunction with this concentrate to prevent the introduction of adult fleas indoors.

Method and Rate of Application: Partially fill the mixing container with water, add 1 ounce of this concentrate. Shake well, the fill container to a final volume of 1 gallon. **Shake before each use.** Apply at a rate of 1 gallon of diluted solution per 1,500 sq. ft. of surface area with any low pressure sprayer typically used for indoor applications. Treat all areas that may harbor fleas, including carpets, floors, baseboards, furniture, pet sleeping areas and throw rugs. Treat under cushions of upholstered furniture and underneath floor space. Do not reenter room until treated surfaces are dry.

Storage and Disposal

Storage: Store in a cool, dry (preferably locked) storage area inaccessible to children and pets and away from heat. **Disposal:** If Empty: Do not reuse this container. Place in trash or offer for recycling if available. If Partly Filled: Call your local solid waste agency or 1-800-Cleanup for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS
Hazards to Humans & Domestic Animals

CAUTION: Harmful if swallowed or absorbed through skin. Do not breathe vapors or spray mist. Avoid contact with skin or eyes. Thoroughly wash with soap and water after use. Do not contaminate food or foodstuffs.

First Aid

If Swallowed	<ul style="list-style-type: none"> • Immediately call a poison control center or doctor for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Do not give anything by mouth to an unconscious person.
If Inhaled	<ul style="list-style-type: none"> • Move person to fresh air • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible. • Call a poison control center or doctor for further treatment advice.
If on Skin or Clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Immediately rinse skin with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
If in Eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. [You may also contact 1-800-xxx-xxxx for emergency medical treatment information.]

{Note: The First Aid statements' grid format will be used if market label space permits; otherwise a paragraph format will be used.}

If in the event of an animal-related emergency, call the national Animal Poison Control Center at 1-800-345-4735.

Physical or Chemical Hazards
Do not use or store near heat or open flame.
